Shadow Witch (Amber Lee Series Book 3)

Synopsis

From USA Today Bestselling author Katerina Martinez A mastermind pulls invisible strings. A new darkness threatens to consume everything. But this witch won't go down easy. Some might say I've become quite the little witch, but that doesn't stop me from being completely outmatched. A cult of demon worshipers, headed by a mysterious figure, is hunting me down and won't stop until everyone I know and love is dead. As if that weren't enough, the wildlife around Raven's Glen is starting to die off without rhyme nor reason, and of course, I'm left with no choice but to investigate. What I find in the middle of the woods... changes everything. Enter Collette, the Necromancer. Thrust into the dead world of ghosts and forced to defend myself, I have to decide whether fighting darkness with darkness is better than fighting it with light. But I've gotta do it fast, because the Necromancer isn't whole or stable, and while she could prove to be a powerful ally, her very presence is a threat to everyone; friend and foe. Inspired by fantastic authors such as Karen Marie Moning, Richelle Mead, and Shannon Mayer, Shadow Witch is the third book in Katerina's remastered Amber Lee series of urban fantasy novels. Like deep mysteries, magick so real you could almost touch it, and plenty of romantic twists and turns? This is the book for you! Note that this book was once called The Necromancer, and was the third book Katerina Martinez ever wrote and published. It has been remastered and re-branded in order to bring it up to speed, but it is the same book; the story has only changed in minor ways. Do not buy this book if you have already bought and read The Necromancer. THE AMBER LEE SERIES 1. True Witch 2. Dark Witch 3. Shadow Witch 4. Red Witch (Coming Soon...) 5. Customer Reviews

I found this book hard to put down. It has action and venture and the love story. I'm hoping to read the next book in the series soon.

I have liked this series so far....need to go back and write 1 and 2 reviews...I think aside from the stereotypical 'witch' look and antisocial behavior, Amber is a fairly likeable character. I wasn't too terribly interested in the adventure that Frank, Damien and Amber went on, but I liked seeing the new spark between Amber and Aaron. I enjoy Frank and I wonder why Amber has distanced herself from Eliza so much or what's going on there. Sometimes Amber has to learn to be more open and honest and maybe she would have more help with these screwy situations she gets into. Looking forward to the next one!

I loved this book! It's beautifully written with characters I want to know even more about and a plot that kept me turning pages to see what else would happen. I can't wait to get my hands on the next book in the series. I've read another book with settings in the underworld that I completely LOATHED for all the plot holes and continuity errors. There's no comparison - Shadow Witch is light years better.
