Customer Reviews

These map books are terrific, but hard to find.

too old

Good Job. Hard area to get used to. This map is just fine.

Good

If you can read a map at all, you can find any address in Baltimore City or County with one of these. I keep a much used one in my car and have a more pristine copy in the house for referencing addresses, schools, parks, churches, hospitals, lakes. Anything you can think of is in here. Great to have too if you're in the market to buy a house, buy things from the classified ads or just want to map out your weekend yard sale route. There is also a spiral bound copy which includes Baltimore and the surrounding counties but the maps are a little smaller.

old edition sent, not pictured one
