Training His Human: An Alien Warrior Romance (Zandian Masters Book 3)

Synopsis

"YOUR OBEDIENCE TRAINING BEGINS TODAY." Seke has no interest in owning or training a slave. Not even Leora, the beautiful human who had captivated his thoughts and fantasies since her arrival on their pod. As the Zandian Master of Arms, he has a war to plan and new troops to train. He can't be tempted by the breathtaking human slave, who, according to Prince Zander, grows aroused by punishment. Yet he can't allow another male to bring her to heel either. Not his Leora. In all her lifetime as a slave, Leora might have submitted in body, but never in mind. But the prince has given her to the huge, scarred warrior, Seke, for punishment and she finds he has unexpected ways of bending her to his will. Ways that leave her trembling and half-mad with desire. But her new master is unwilling to take a new mate, and she fears that once he deems her training complete, he will set her aside, leaving her heart in pieces. **Devour** the first steamy stand-alone romance in USA Today Bestselling Author Renee Rose's Zandian Masters series. **Publisher's Note:** This dark romance contains graphic sex, spanking and BDSM. Customer Reviews

Please note: This review is the result of a verified purchase and is not an ARC review! Renee Rose's "Zandian Master Series" is simply erotic romance at its very best! Ms. Rose has developed a winning combination of extremely hot, kinky interconnected stories (all can be read as a standalone but why would you) incredible world building and well developed characterizations. The "Zandian Master Series" must be one of the most imaginative, well written, sci-fi alien romance series currently available. "Training His Human" is the third installment in the series featuring another hot, dominant alien male and his sweet, sexy female mate. The story is so very engaging, capturing the reader's attention from the first page to the last. Fast paced, the novella is difficult to put down and the story flows seamlessly. As with the previous novels in the series, the writing is extremely professional with few to no grammatical errors. I highly recommend all of Renee Rose's work, she has an incredible talent for writing well-crafted novels with plenty of kindle melting heat! Do not hesitate to one-click any or better yet all the "Zandian Masters" novellas you will not be disappointed! Seke & Leona is more a love story than the first two books in the series, but probably my favorite. This is a deeper emotional story that is influenced by the main characters personal histories. I love how the people from the first two books have been included in the story, not just as cameo appearances. Its also wonderful to see characters that are bit older (40's plus) in the starring role. There is still the D/s, and master vs slave issue to resolve, as well as lots of sexual tension. There are a number of loose ends and hints for future stories, and I'm looking forward to find out how it all ends. Overall, I found this to be an excellent read.

To say I love this Zandian Masters series is a HUMONGOUS understatement! It is freakin' fantastic!

The Zandian males with their horns and dominant natures are hot! I love the way the human women meet cause them to lose all that warriors control they go on about. Author, Renee Rose, is the Queen of spanking and dominant aliens and she knows how to always temper that dominance with love and tenderness. That makes for a sensuous read. Please hurry with the next in the series!

Tasked with training Zander's mate's mother, Leora, to submit to her punishment, Zander's mentor, Seke is none too happy. Leora has been nothing but a temptation to him and he vowed celibacy to his dead wife when the invasion of Zambia took so many lives. But only a few days into the training and punishment and Seke is at the end of his rope. Good book. Too short.

As always Ms. Rose delivers a great story, good characters, developed plot and an overall fun quick a good read. My only issues with the Tory is that the world development always leaves me wanting more. By book three (even though can be read standalone) in my mind the world should be a little more clear. That being said love love the stories and where the couples end up in. Good read.

I loved this book!! I do believe Seke is my favorite character in this series so far! Smoking HOT Sci-fi with a heart wrenching romance and I loved every minute of it. Looking forward to another book in this series!

3rd book of the series and I am sad it is over. I read all 3 books one right after the other. Loved them! This book is about Seke and Leora. Leora is Mom to the previous main ladies in books 1 and 2. Seke has a hard time with the feelings he is developing for Leora. How they get past this obstacle creates a fun read! Loved this entire series! Highly recommend!

So far this is got be the most romantic of the series. The chemistry between Seke and Leora is unexpected tender even when training is in session. The battle of wills is unexpected as well. While Leora is willing to endure her punishment and obedience training, she is torturing Seke to bind to her want. Just love this series and can't wait for the next one!
