Read on your PC, Mac, smart phone, tablet or Kindle device. Here Is A Preview Of What You'll Learn... If you have ever wanted to experience Southern hospitality and early American history firsthand Denny Miss passport; portal to the low country, mini three day unforgettable vacation itinerary is a guidebook for you. Charleston South Carolina is one of the oldest and most beautiful cities in the continental United States. Founded in 1670 (it was part of the original 13 colonies. But later split into two separate states, south and north) Charleston is often referred to as the "South Carolina low country because of its proximity to the coast and abundance of marshes and islands. All of which has its own story from lost colonies to being hideaways for escaping slaves and renegade Indians. Charleston is also the site for the first shot fired in the Civil War. This was done in Fort Sumter which is located in Charleston Harbor, before it is open to tourists, should you have any Civil War buffs in your party, but it Southern cuisine is what you're after. Then there is no better place than Charleston South Carolina is world-famous for its Southern comfort food restaurants such as Hominy Grill which specializes in Southern comfort food that will rival anything your grandmother used to make the entire menu is made from scratch daily and all ingredients are sourced locally (fair warning just like your grandmother's cooking is not fat-free). After you have filled your belly with the appropriate amount of hush puppies, macaroni and cheese and baby back ribs, prepared as only a Southern grandma can you maybe need of some fresh air in which case in Charleston Harbor Cruise may be in order, and thanks to your trusty paperback travel guide. You have pre-ordered your tickets and don't have to waste time standing in line, when you could be breathing fresh salt air on a comfortable, slow cruise around the world-famous Harbor. Customer Reviews

Charleston, South Carolina is a beautiful city full of southern charm, history and world-class cuisine. This 20 page little guidebook by the Miss Passport travel system does a fairly decent job of providing an overview of the best things to see in the city if you are on a three-day itinerary. Everything from the best places to eat the best hotel, this travel guide is nothing fancy is traveling on a minimalist perspective. It provides simple information in a straightforward and easy to understand format. The itinerary information is also accompanied by some basic historical information about trials and the things discussed in the guide of a more nothing less than for the price. It really can't be beat. That's why, and then downloading. So many of these little books lately, because they're cheap (sometimes even free) and I have used them for everything from planning a trip that I'm going to be taking soon to a place to start for research for future trips and even as a simple way to teach children about traveling and time management (itineraries are good for that). I figured since I

downloaded I thought, I should review them. So don't be surprised if you see my name on at least one review for the entire collection. These guides aren't perfect by any means. It's not like a famous television travel host created them or anything, but for what they are it will do the trick.

"Miss passport mini three day unforgettable vacation itinerary (Charleston South Carolina Travel Guide #1)" is Ms Sharon Bell's published guide for a three-day tour of Charleston in South Carolina in the United States of America. In this publication, Ms Bell takes her readers vicariously to Charleston, for a three-day holiday and tour. In this guide, Ms Bell helps readers to plan each day of the tour and successfully attain the related objectives. She generously tells readers about Charleston's history, landmarks, culture and cuisine. She advises them about places to visit while they are in Charleston. She also recommends numerous activities that visitors may undertake during their visit to Charleston.

I downloaded this to give to a friend who is traveling to Charleston for the first time. On review, I have decided not to pass this on as several errors were discovered. One of which is the location of The Rooftop at The Vendue, it is just off of Bay St, not a block off of King St. If you are looking for something in Charleston, thank goodness, the people are very friendly and willing to help.

South Carolina is one of those states that are the epitome of Southern charm. With so much to see, this book helps you to plan out a great trip to experience this charm for yourself. From the best hotels to stay in (some a bit of the pricy side) to some must see activities that will leave you in love with the south. The sights aren't all that the South is famous for. The staple of almost any southern home is the rich and flavorful food and just reading about some of it made my mouth water! You can always add to the itinerary given here but even if you follow it, you're sure to have a great time.

In this book, Miss Passport takes you to Charleston, and if you're looking to go there on a three-day budget, this is the book for you. In a few pages, she gives all of the stops, allowing for a satisfactory vacation.

A basic google search brings up much more info and is free. A quick read though and not really expensive.

Oh my goodness! If you have to edit writing as part of your daily job responsibilities, I do not recommend this publication because the consistent errors in the guide will drive you nuts! I realize the download was only .99, but publishing something with this many punctuation and grammatical errors should not be allowed because it sends the message that poor writing is acceptable. The positive thing is the pamphlet could be used in a school setting by having upper elementary school children read the publication and find, then correct all of the errors. I'm appalled that no one apparently edited the work before it went to print. The content is minimal at best and fails to highlight the numerous opportunities in Charleston. You are better off applying the \$1 toward another guide.

This is apparently the first part to a guide to Charleston, although the books are so short I don't really see why they couldn't have the whole guide as one volume. This has a brief history of Charleston and then dives into what you can do for three days. The information is accompanied by pictures and it lists quite a lot of things but I think you'll have to do some further investigation to find out prices and other information like that, but if you need ideas then this guide is certainly useful.
