# Until Friday Night

## Synopsis

To everyone who knows him, West Ashby has always been that guy: the cocky, popular, too-handsome-for-his-own-good football god. But on the inside he's grief-stricken - his father is dying and he hasn't told anyone because he can't face the truth. Now, as his pain grows unbearable, West finally decides he needs to talk to someone about his dad. So in the dark shadows of a party, he tells the one girl who doesn't speak everything he can't tell anyone else. West expected to feel relief, a flood of emotions - but what he didn't expect was for Maggie Carleton to reply. For her to reveal a pain even deeper than his own. And, for them to form a connection so strong that he couldn't ever let her go. Brand new steamy romance series from bestselling author of the red-hot series Sea Breeze, Rosemary Beach and the Vincent Boys. Tender, honest, and achingly real - "Until Friday Night" captures the intensity of first love, the power of friendship, and the pain of growing up. This book has it all, and I can't wait for the next field party. Kami Garcia, #1 New York Times bestselling co-author of Beautiful Creatures & author of Unbreakable

## Customer Reviews

Abbi Glines is one of my favorite authors, so, to say that I was like a little kid on Christmas morning anticipating the release of this book is an understatement. I assumed it would be a great read because, Abbi has yet to disappoint, but, I was absolutely blown away by *Until Friday Night*. I am not one to get emotionally attached to characters. While I love reading and getting lost in another world for a bit, I don't often find myself physically feeling the emotions that the characters are feeling. But, that's exactly what happened while reading *Until Friday Night*. I cried, I laughed, I felt triumph and sadness, but, most of all I had hope. The writing was flawless. The story line was sweet and full of emotion. The characters, even the side characters, were all well-developed and easy to relate to. Maggie, the lead female character, is one of the strongest female lead characters that I've ever read. She's someone I would have wanted to be friends with in high school. And, Abbi managed to get the "high school football player" down perfectly. I'm pretty sure I went to high school and was friends with half the Lawton Lions football team. To be honest, I'm not great with coming up with exactly what to say in reviews, but, what I can tell you, is that *Until Friday Night* is my favorite book by Abbi Glines and easily, my favorite book of 2015.

I really dislike that fact that I'm a HUGE Abbi Glines fan because it really makes my love for this book seem biased. *Until Friday Night* was amazing! Maggie and West's story is right up there with Blair and Rush's series for me. If I could say that *Fallen Too Far* wasn't my favorite Abbie Glines book, then *Until Friday Night* would be. The story was gut wrenching and heart warming at the same time. Maggie and West's story I think was one that brings to light the horrible life experiences that young people face. I'm not going to go into great details about the story because honestly, the summery does a fantastic job of that. What I am going to close this review is saying that *The Field Party* series has started off phenomenally. The stage has been set and I can't wait to read all about Brady, Nash, Gunner, Ryker and Asa in future books. If it just so happens that Raleigh and Serena get dropped on their heads during a cheer, well, then I just might celebrate. ;) (hint, hint) It's going to be a torturous wait but I'm more than confident that it will be one worth waiting for.

Abbi Glines does it again with another fantastic read and a new and wonderful series. This is West Ashby and Maggie Carleton's story and it is set in Lawton, Alabama. Lawton is a small town where everyone knows everyone, most of the time secrets don't stay secret, and football is a huge deal. West is gorgeous, popular, and part of the football team. But he and his family have been keeping a huge secret - his father is battling cancer and he's sadly losing. He and his family don't want to share that information and the grief is eating him up inside. Maggie moves to town to live with her

Uncle, Aunt, and cousin Brady. Brady is the Quarterback of the football team and best friends with West. Maggie stopped talking soon after she saw her father kill her mother 2 years ago. She was traumatized and used her muteness to protect herself. She lived with her Godmother for 2 years but the woman wasn't around much and didn't really take care of her. Maggie experienced something so horrific and traumatic in her young life. She lost both her parents in one horrific moment when her father killed her mother right in front of her. But her life wasn't anywhere near perfect before that. Her mother was sweet, caring, and all around wonderful. Her father, on the other hand, was abusive and nothing his wife did made him happy. He always found faults in everything and thought of her as his possession. She didn't have anyone that was there for her or helped her. She found some solace in being mute and keeping to herself. She has great strength. Finally she moves in with her family and they want to help her and be there for her. Now her cousin Brady isn't the most understanding and caring individual. He feels like his parents are pushing Maggie down his throat and making him take her with him to many places. West has so much going for him but none of it means anything to him considering his father is dying. He loves football but mostly because it was something he shared with his father. His father was a high school football hero and for a time played in the NFL until he was hurt. West grew up with loving and supportive parents. The women in town, on the other hand, haven't been very welcoming to his mother. The only people who were ever nice to her was Brady's parents. His family decided to keep his father's cancer a secret for many reasons but it has just made him feel so much more alone. The pain and grief are pretty much eating West up inside and he has a tendency to be cruel at times. He's been with Ryleigh for about a year but there wasn't really any feelings involved. Definitely worth reading. I'm looking forward to the next book in this series.
