## Customer Reviews

If you're looking for an awesome adventure on the high seas in a land full of magic and evil then you need to pick these up right now! Valrin is just a boy when he is torn from his home and thrust into an adventure to save the Glacial Seas. Along the way, he will gather a group of faithful companions

consisting of a stout dwarf, a feisty ruis, an honorable ranger, a cannibalistic shadow elf, and a magic user of great power. He will become one of the youngest captains to pilot a magical ship unlike the world has seen in centuries. And he will save the world from a great evil! The characters are some of the most memorable I've read and their back and forth is classic. The pace of all three books will keep you on your toes, not wanting to put the book down. When you do finish it will just leave you wanting more! Whether you are new to reading JT's books or have read others, this is a series you can pick up and read at any time. And that's exactly what you need to do, stop reading this review and just buy it! You won't regret it, I can promise you that!

I bought this set on a whim because I had finished all the books in my queue. This fast paced series offers a much different fantasy world to enjoy. The author keeps the story moving quickly, and develops the characters only as much as needed to pack in the amount of action and travel. While there are some plot twists, much of the story is somewhat predictable. If you are looking for a complex and well developed cast of characters and well described world, this series may not be for you; however, if you are looking for a series which pulls you in to new fantasy world, and has pirates, dwarves, elves, and is set on the high seas with tons of action and adventure, then this series is definitely for you. I finished this series in a weekend, and can't wait to read more of J.T. Williams works.

In this fantasy series you'll meet Valrin the Stormborn. This young man is brave, motivated, inspiring, and really spirited. Valrin lives with his Aunt Tua. She took him in one night of a storm, he just blew into the tide waters of the island. He gets up super early every morning to catch eels so he can sell them. This orphan has personality and heart. The whole series is based around the Stormborn idea. To be a Stormborn you must have been born during a storm at night. I'm not saying a little rain either, I mean like a hurricane like storm. Usually, Stormborns are orphaned also. The Gods have blessed the Stormborns as the protectors of the realms ( they also have an amulet and a cool gift too). Valrin has an exciting day one morning that changes the course of his life, literally. He sees dwarves arrive in the port. He then meets Captain Edanos, Rortho, and Braei. Tragedy strikes and he is forced to face his destiny. He travels with the Captain and his crew to meet a god and the adventures begin. Enjoy the madness as Valrin, Edanos, Rortho, Braei, Fadis, Evurn, and Aeveam travel the Glacial Seas to battle the dwarves loyal to the Barb King ( bent on destroying all elves and mankind). Our crew will meet and even be tested by gods. If a god is going to back you, they need to know you're worth it. This series had me run a gamut of emotions. This is an amazing fantasy

series!! I most definitely recommend it for anyone who loves fantasy.

I loved this book; it had all the elements that a book of fantasy needs. The characters were well developed, and the story very intriguing.

Boring, written like a game, I really dislike books like this.

Caught my attention in the first chapter. Only sleep stopped me from reading the series in one fell swoop. Great story, loved the characters.

Mr. Williams seem to be in a bit of a hurry to tell the story but a good read nonetheless.

Another awesome read. Great stuff
