Customer Reviews

This story is quite different. Kyle is the father of Aleisha's twins, which she doesn't know this, but Kyle does. Their story has chemistry and drama, and the readers can feel the turmoil of these two characters. Due to the lack of communication between Kyle and Aleisha they almost lose out on an

extraordinary love. Great story!

Aleisha a lawyer who decided to start her family non-traditionally, Kyle, a successful and rich lawyer, their working relationship gets personal, but alas a family secret is going to make their HEA potentially a total wreck or it will make it stronger. Loved this story and the characters.

Truly a different story line. I never saw the way it ended going in that direction. Truly loved this book

I'm left with more questions, the characters weren't fully developed. The story felt rushed (both stories). Not a fan of the rushed HEA!

Lived this book.

The Endings were abrupt and left some unanswered questions but still good read! I would recommend for quick short read.

It was a okay book. I like how there was interaction between them. I like how they actually work together before and not jump into bed right away. I don't like how she never told him that her Ex was coming around to try and get her back and I don't like not knowing how his Ex react after signing over her company only for him to get engage. I want her ex to know that she got engaged don't like how he set out to meet her very stalker like behaviour I don't like how they become engage and her sister and grandmother have not meet him yet. I just don't like how the book ended. there wasn't any much description of the character and I never understand why such a big law firm and they don't seems to have an investigator or I'm being a big shot lawyer who always settle out of court should have a really good investigator. It can read Bonus book. The Billionaire's Arranged Twins The main characters just come across as stupid

What an interesting story. I loved the plot, I read all of this story before I put it down. The ending left me with a lot of unanswered questions but I really enjoyed the read. I am a huge fan of this author so she did not disappoint me with this story. I could actually see the characters as I read about them. Kyle was so determined to be a part of his kids life and I was very impressed about the way he went about it...he was so cool. : >) Aleisle was clueless. Great writing and I would recommend this book to others In my opinion this is a best seller.
