Nomad Avenged: A Kurtherian Gambit Series (Terry Henry Walton Chronicles Book 7)

Synopsis

They say that behind every great man is a great woman, but what if that woman is a Werewolf? The reviews for the Terry Henry Walton Chronicles are overwhelming. These are FUN stories. I love feeling good when I finish one. I've read all these so far! I need more. A great story; interesting and really keeps you reading! I recommend this book and the entire series. It has become an obsession. This book resonates with me so much. Great book for the times. A rogue Forsaken with the power of a pod. He wants the purple-eyed Werewolf. He wants what's in Cheyenne Mountain. Terry Henry Walton is the key to both. When the Forsaken captures Terry, everyone's world gets turned upside down. What will the Alpha and her pack do? What will become of the Force de Guerre? Nomad Avenged - nonstop action from start to finish as Terry and everyone he knows join the battle where only the winner gets to live. The saga of TH, Char, and the Force de Guerre continues full steam. The characters are real in their interaction with each other. The story is absolutely great. I love the honor, loyalty, and humor projected through the book.

Customer Reviews

Thank-You, Mr. Martelle... Your writing is inspired, to be treasured and savored. Your plot, characters, dialog, and believability are wonderful, Sir. Your descriptions of the times after WWDE, are vivid, giving the reader a visceral delight in the savage drive to survive. TH, Char, and all the rest, are a great part of TKG Universe' experience. Five out of Five Stars, and NOT to be missed!

I think this book reverts back to what makes TH such a compelling character. His agile mind is so deeply entrenched in honor and "right" that the reader can't help but wonder what is wrong with everyone else. How is it possible, when it is so clear in TH' s mind, that the rest of the world doesn't operate in the same way. I know these books build on each other and the only reason I gave it 4 and not 5 stars is because it had to many flashbacks to events I am already familiar with. Awesome Craig, I was thrilled to see that you will continue writing Nomad books! Best news I have heard in a while! I am also hopefully for your tomato plants and vetting the tractor fixed. I was wondering how you managed all winter without it.

what a wonderful read this is. The action doesn't stop, and is totally believable for the characters and story line. Having read all the Nomad books it was sad to say goodbye to some but nice to reconnect with others. The introduction of new faces and their interaction with the team is something to look forward to in future books. Keep them coming.

Another satisfying read in the Nomad series. This far into the series you really do need to read all the rest otherwise you'll be feeling left out. It has a good stopping point, no cliff hanger but another volume is on the way.

This is my favorite book in the Nomad series to date! Well worth the wait. Lots of Action and humor combine to provide an awesome reading experience!

Craig u never disappoint this one had me on pins and needles I want to bash that forsaken bastards head in... i laughed but I cried more these characters are like family... will send u pics of my tomatoes!

Another great TH book what can you say at this point. The books area still captivating, I look forward to them and devour them when they come out. Keep up the good work.

Whose bright idea was that? Didn't he or she know that would just really piss off Char? It's a wild ride and a great entry in the series.
