Customer Reviews

I started leaning this just in case I ever Got to Los Vegas NV. Yeah! I hope this knowledge helps me win when I go there. Yeah. I don't want to break their banks but to win a little is always nice. And if I use this knowledge in every one and not just in one I'll slide under their radar and have a small fortune in total. Yeah. Nice product. Nice information. Thanks JDE

A classic book by the father of quantitative trading. It is fun to read even though was penned in 1960's, as vividly told recently in movie "Blackjack".

I'm very happy I ordered this book and I will use it frequently. as a reference tool for playing blackjack.
