Customer Reviews

Good book! A little confusing but I am sure with the next one I just bought (but have not read yet) it will get clearer! Also the show will help, I'm sure but will not watch until I can binge whole season!

Great introduction to the world that Gaiman has envisioned. I will definitely need to pick up the actual novel next and then the TV show!!

I happened to come across these graphic novels by accident. Wow, what a surprise! Such an

interesting relive after the tv series! Definitely plan to continue. The graphics are incredible.

I bought this comic after seeing the premier of American Gods on Starz. I'm obsessed with the origins now. I haven't been then this excited about a show since true blood.

Well this is quite interesting. This is my initial foray into this series. I'm looking forward to the next one. I bought them all at once so there's no delay.

This was a pretty cool comic. It matches the novel surprisingly well. If you liked the book, you will probably enjoy this.

Thought I was purchasing the NOVEL but this is very cool too. gives visuals to the story.

A very good novel. I had a hard time putting it down. Excellent!
