Customer Reviews

I'm loving it because this book is just the images without details for you to fill them in with doodles. Exactly what I was looking for! The book has different designs; spring, summer, fall, and spring), beachwear, cheerleading, and night gowns (my favorite). Images are on both sides of the pages and the paper quality is very decent. Not super high quality but good enough for doodling (not coloring). Unfortunately, some pages have the SAME design with the difference that the girl's hair is different. Hmm... ran out of ideas?

this is a very cute book page after page of girls in all kinds of outfits, it would be the perfect book to learn how to draw a figure or a book to color in. I think it is a very sweet book, but it is page after

page of girls in skirts and shirts and dresses and that is all it really is, more of a coloring book than anything. but it doesn't have a story or anything like that its mainly a book full of images of girls. really cute.

I really wanted to snatch this from my daughter's hands and grab some paint or colored pencils. This book has a ton of illustrations and it's SO THICK. This is a great book for the money and would keep your daughter (or you) entertained for a loooonnggg time. It's creative!

My almost 7 yr old loves this. She colors in all the fashion pics and then hangs them up all over her room. :)

This is exactly what I was looking for...the pages are full of young ladies wearing all styles of clothes waiting to be designed. My daughter loves adding color and detail to clothes, but the stencil fashion books out there aren't what she likes.

Exactly what I was looking for. Perfect gift for a middle school girl that wants to be a fashion designer. Awesome for the price too

My girls are 4, 6, 8 and love this book! They could spend hours just drawing it. Great for all ages! I even doodle in it a little :)

This was a gift for my daughter. She loves it and has used almost every page. Great idea for kids interested in fashion!
