There are a lot of cute projects in here, but there are no instructions for sizing an item up or down. This obviously doesn't much matter for things like scarves, but it would be nice to be able to make the mittens and socks in various sizes, and unfortunately, I am not adept enough at knitting to know how to adjust the patterns myself. For example, the hedgehog mittens on the cover "should fit an average child of 7-10 years", which is disappointing to me as a 31 year old woman who wants to wear them. :(

I'm somewhat disappointed in that so many of the otherwise clever patterns are written for bulky/chunky yarn and large needles, which are not my preference. There was no way to determine this from the "look inside" format.

The patterns are adorable, but mostly for children through teens. I struggle to find one for myself and most of my nieces and nephews are grown.

Haven't made any yet, but will for Christmas gifts this year. Love the patterns

This is a great book I am making a few of these. Fun and good instructions

I bought this book to make fox mitts and scarves, but they all are so cute. Definitely a nice addition to my growing library of knitting and crochet books.

The photography is beautiful. The book is full of some amazing knitting ideas!

Very cute patterns. I have made several and they are fun to make and wear.
