Customer Reviews

This adult coloring book is so cute, filled with funny animal puns-some are so silly, they are sure to make you smile. The pictures do take some time to color, most of them are very intricate! There are 35 pages, and the pages are 8.5" x 11". I received this book free in exchange for my honest review, and it's one that I enjoy coloring, and my kids have colored pages of it as well. It is hard to tear the pictures out, so I will share an awesome tip, that was shared with me-it works!. (ignore the jagged dog picture, my daughter couldn't wait and tore it out). "You mentioned in your review about tearing out the pages. That used to drive me crazy...trying to tear a page out cleanly. Months ago, another reviewer made mention of an easier way to remove the pages. All you have to do is use a box cutter/X-acto type of knife and a ruler to cut the pages out. They come out perfectly 99.9% of the time.Hope this helps.kanter"

This book is STUPID cute!My sister LOVES puns! And LOVES animals. She saw me with this book and stole it from me!The pages are extremely professional and cute, You can tell the artist put a lot into making them look great, and the quality is excellent. Some of the puns are a little inappropriate. SO you may not want to let kids see those pages, LOL ! But there are plenty of kid friendly pages in this book too ;)There is a great range of animals! I wasn't expecting so many great options.The book cover is super cute!! just love this book! One of my favorite.The Paper quality is 60lb so you can use colored pencils, Some markers, like Crayola, Or other makers *no sharpie or it will bleedYou can also use gel pens if you are gentle. Be sure to put a page behind the one you are coloring!

This Book Is Awesome! I love the sense of humor in these pictures. Some are so severely detailed I will never ever pretend I even want to color it and others just make me want to color tonight! Some of the animals are just over-the-top adorable. All pages are printed in landscape with no perforations one-sided

Love this book. It is adorable. I laughed so much as I was flipping through the pages reading what each one said.

A fun book I am looking forward to coloring! Paper is decent quality, single-sided pages,

non-perforated.

So funny, I was expecting it to be dumb jokes we have all heard before but it was super creative. Not to mention the designs were all beautiful, and also funny! They go with the jokes, I thought that was especially cool. Give this book a shot. Its very funny!

Hysterical, I adore this coloring book. I'm going to buy another one soon as I get closer to finishing this one. Also, have it on my gift list for friends who like puns.

Some are cheesy but thats the point. Very cute. Will be buying more since my little sisters took some I wanted to color. Very enjoyable to color.
