Love Veggie Tales. Great story and lesson for kids

Teaches my so good values.

My Son loves the spin off of one of this favorite movies. I love the biblical teaching opportunity after really sparking his interest. We love veggie tales!

My son loved this book we got him for Christmas. It's one of those that he pulls out everyday and wants read over and over again. And I love the star wars puns!

Really funny children's book. A delight for grown up and young Star Wars fans alike. We have truly enjoyed reading this to our son because it is witty and lesson worthy.

I bought it for my five years old who just loves everything Star Wars. She likes the funny princess and green Darth Vader and wishes that she can get into the book too!

I read this to my two older boys (7,5) this morning at their request. My 5 year old, especially, is constantly looking through this book. If you know the account of the exodus of the Israelites from Egypt and the story of Star Wars (my boys love playing Lego Star Wars), you will find yourself chuckling over and over! At the same time, it is a great way to retell the story of the exodus. After we read it, my boys told me what really happened in the exodus compared to Frog Wars (for instance, in Frog Wars, when the enslaved people from Salon crossed the Big Frog Pond that had been parted by God, they crossed on lily pads that turned to stone in the dry land- my boys told me that the real Israelites just walked on the dry land across) And that's what it's all about for me- reaffirming the Bible in our household in a creative way! I plan to get more in this series.

gold for non preachy easy lesson
