Melanie is a dreamer and, once upon a time, she was a princess. A native Californian, she grew up exploring country roads, searching for shells along the beach, and daydreaming of being an actress, singer, cowgirl, and children’s book author. Pursuing her dreams created a beautiful adventure -- a role as Princess Robin at LegoLand California, a degree in visual communications, and now her debut children’s picture book. She lives in Northern California’s wine country with her "fluffy" cat, Tina. You Are Special - You Are Loved is a love letter to her inner child and to anyone who needs to be assured of their intrinsic value.

This is such a beautiful book for kids with powerful positive affirmations of how special they are and the power of pure love! Growing up for kids comes with lots of fun and at the same time fears and challenges. This is such a timely book to let kids know no matter what they do, come what may, one thing remains - they are loved! I enjoyed reading the book and more so reading it

to my kids. The pictures and illustrations in the book are so captivating, colorful and pleasing to the eye. Such a timeless beautiful message!

All children should know they are special and loved. Melanie's book puts that message into the hands of parents and into the ears of their children. It provides the perfect opportunity for a parent, or a teacher, to have a loving exchange with a child. You are Special, You are Loved is the kind of book which invites the perfect moment to be close to your child. It serves as a reminder in our fast-paced, busy world that we need to tell our children that they are special. I really loved the message of Melanie's book, as well as the beautiful way she put the story into illustration. This book is a gift to both parent and child alike. I only wished my own Mother had had a book like this one when I was a young child!

You Are Special, You Are Loved is a very heartfelt, short read which reinforces over and over to children how it is ok to make mistakes in life but they are still loved. The author made sure that the reader receives a very positive message from this book through her kind and loving words. While reading this uplifting story with my daughter, I found myself searching for the worm as she turned the pages! This feel-good book with it's beautiful and colorful artwork is the perfect gift for young children!

What a sweet book; great illustrations and a wonderful message for children. I wish every child could hear this message over and over until it sinks in good and deep. This is the message that the world needs today, so that kids can go conquer the world from a confident and safe, loved placed. What a great little book. A gift for every parent-to-be on your list!

This book really touched my heart and will touch your heart and the heart of your children. I am certain you will be as enthusiastic as I was about the beautiful pictures and the story of self-worth and love. I am certain you will read it to your children or grandchildren again and again. They will love you for it. Everyone deserves to hear this story and feel the truth of being loved just the way you are.

Children need to know they are loved and this book is a perfect example. After recently doing a deep dive into patterns we learn as children at the Hoffman Institute, I realize just how important these types of books are for children. Highly recommended!

You are Special You are Loved is a beautifully written and illustrated book. I love that the author specifically references God in this children's book. It's becoming increasingly difficult to find children's books that aren't politically correct these days. This book was refreshing with a heartfelt message for kids and people of all ages. I read this book for our bedtime story tonight and my children loved it!

I can not wait to read this to my grandson! Such an incredibly sweet and thought provoking book! It gives great topics to talk about later. And, the graphics are outstanding! I look forward to more from this talented author!! You, are loved!
