It's not often that I find that I'm waiting on edge for the release of a book, but this has been one of those times. And I'm not disappointed. This story continues to go very unexpected places. Like most of the earlier volumes, in this one a couple of people get some significant development. The first one is surprising, as Satoshi is fairly new to the story and not much had been done with him. But the first part of this volume shows more of his character. The middle of this volume is about as difficult to get through as much of the first volume. It's not a problem with the story itself, understand, but simply because it's not easy stuff to read about. After how Volume 4 ended, with the group of friends gathered to help cheer someone up, it's not easy to see their friendships become strained and frayed. The other character to get more development is Shoko. I'm not sure if I'm the best to comment on the art work, but I do want to mention the ways her facial expressions are done in these last chapters, as they convey very well how her thoughts and feelings are becoming more and more anguished, how she's understanding and misunderstanding the things that are happening to Shoya and all the others who had been her friends, and how she sees her part in what is driving

everyone apart. She herself conveys in her sparse words and her actions at the end the message she's hearing, "Nothing good comes from being around me." It's a credit to the storyteller that a story that doesn't rely on action or even romance can be almost overwhelmingly intense. As with the earlier volumes, I recommend this one very highly.

The cover for this volume is quite deceitful given the roller coaster ride of emotions towards the end of it. I have never read something so emotionally exhausting that I actually needed a break after finishing it, but I still can't wait for the next volume. The manga starts off with the film project beginning to pick up steam toward the end of the school year. Shoya, busy wondering what he will do after he graduates, must find a way to balance work and school with his new found friends. This puts a strain on his and Tomohiro's relationship. The hits just keep coming in this volume as Satoshi stirs up old memories that Shoya would rather forget. This forces him to choose between telling his friends what he did to Shoko in the past or hiding it by any means necessary. What will he decide? How will his decision affect the group? Has he actually grown at all through the series? On a side note, Naoka was great in this volume. She has grown a lot since her earlier appearance and I really hope to see more of her in volume 6.

> Read manga online> Bought whole manga set just because> Collect and support artist
Alright, let's be honest. I don't buy much manga, never. Hell, all I need to do is go online and read it. But this manga is so beautiful. It's about a girl who can't hear and the main character is a bully. He bullied her through out her childhood, to the point her family forced her to change school. But then the boy regrets it everyday because after she changed school, he realized how stupid he was. And the story goes on as the main mc keep looking for the girl everyday. You guys should read it because my summarize is f&*(king terrible.10/10. It's so amazing that I WANTED TO BUY THE SET OF MANGA JUST TO SUPPORT THE ARTIST!

Just as amazing as all the previous volumes. That cliffhanger at the end really makes me anxious for the next release. Seriously I'm going nuts right now. Please send help.

Each volume of this series seems to get better and better. Each volume has a new and important message that just speaks to me so deeply. One of the most painfully realistic depictions of bullying I've ever experienced. Just so great at showing how every side is effected and how it sticks with you even if you try to push the feelings down they will always come back at some point. I can't believe

that cliffhanger ending though. We need volume 6 asap! I can't take it. It hurts so much.

I am constantly blown away with each new volume. She captures the struggles of these two unfortunate people and shows such great attention to detail. Every frame is a gift.

WOW!! that ending I need the next volume. I don't want to read it online because I wanna continue supporting this series

Awesome Read!
