## Customer Reviews

In this KJV Giant Print Bible, Christian Art Publishers have made an outstanding contribution to the field of Bibles. I have many Bibles, some might say too many, although I doubt that's possible. There are various translations, editions, print sizes, and unfortunately in my opinion many translations that favor political correctness over accuracy. For a Dynamic Translation I personally prefer the 1984 NIV, now sadly out of print. That is why I love the KJV. It has remained un-PC since it came into being. The font in the volume is very readable and I have bad 78 year old eyes! You will NOT be disappointed in the size. The paper is quite thin and some might complain with the slight

ghosting but I find it almost negligible. There is a Verse Finder section that is very helpful when you need particular comfort and the Concordance is quite good. The quality of this volume is most excellent. I don't see how they manage the low price but kudos to them. It has the feel of fine leather. Is comfortable in the hand and the gilt is an extremely well done too. I very highly recommend this Bible and the seller. Semper Fi Mike

God's word is very important to me & when I can see it more clearly in larger print it helps me to follow along much easier.

Excellent handy size and good size print . Good Value for money .

The quality of this Bible would have you believe that it's a lot more expensive than it actually is. The black leather is beautiful, the text inside the Bible is very big and readable, and in the back of this Bible, there is a very useful verse finder, which you can use to find verses for when you're feeling a specific way, or verses about a specific topic, as well as a concordance that is also very useful. Additionally, I really appreciate the fact that, from what I've noticed, Christian Art Publishers seems to be a company that only publishes the King James Version and not any of the corrupted newer Bible translations. So, if you're looking to buy a KJV Bible, they are a great company to buy one from, and I can greatly recommend this particular publication of the KJV.

Print is small and index tabs are too small! I give up and just keep it until I find one in a bookstore I like!
