Customer Reviews

My 8.5 year old daughter absolutely loves the Disney Descendants movie, so as a reward, I bought her Mal's Diary. This book has a nice, thick, glossy hardcover. Underneath the front cover is kind of a cutout edge that folds over the first page, wrapping around the outer pages of the book. The diary doesn't seem very much like a diary, in that it isn't all "handwritten", but in addition to the typed text, it has a lot of "writing", doodles, and pictures. My daughter was so excited and read the whole thing in less than a day. Her favorite things were that there were lots of references to the movie (like the limo ride, because then in the movie she remembers seeing Mal write in a diary in the limo). The diary basically follows the timeline of the movie. Overall, a great book for Descendants/Mal fans, and it seems like a good value for the price, too.

Looks like a awesome product. It for Christmas so we will see.

My daughter is obsessed with this book. She loves reading about her favorite character.

I'm sure my granddaughter will love it!

My daughter absolutely loves this!

I bought this book for my 8 year-old granddaughter who is obsessed with Disney's Descendants. This book is really great because it describes Mal's personal feelings as she struggles to make her choice between good and evil. It really goes deeper into the story, and more importantly, the moral of the story.

This is a gift for my 6 year old granddaughter that loves the character Mal from the Disney movie Descendants. It looks like a lovely diary that I am sure she will enjoy!

It was a gift for my daughter for her birthday and boy was she excited to get this! Especially in front of all her little friends who didn't have it yet! lol It was very age appropriate (she turned 9). It had a lot of new things that she didn't know about "Mal" which was very exciting for her since it was her favorite character. It wasn't "too long" of a book, just right! Would DEFINITELY recommend to all the "Descendant" fans out there!
