The Cheerios Animal Play Book

Synopsis

Bring your own Cheerios! With this exciting companion to the best-selling The Cheerios® Play Book, children can delight once more in adding Cheerios to just the right places. Leopards get their spots, monkeys juggle, owls see -- and children will laugh out loud as a much-loved cereal again becomes part of Lee Wade's bold, bright art! As with the original Cheerios® Play Book, pages are recessed to help children successfully place the cereal pieces in the scenes. MORE tasty, interactive fun that toddlers will love!

Grade Level: Preschool and up

Customer Reviews

My daughter had this book and now my grandniece does too. Babies love putting Cheerios in there place and looking at the fun colorful pictures.

Cute book but not as many pages as I thought it would have and it really didn't keep my two year old occupied for very long.

Super cute and fun for both of my kids! It's too bad the book isn't longer, so we bought two different ones.

We adore the cheerios books!

Great for kids

I loooooove this book!!! It's SO great for little ones to develop fine motor skills! The pages are thick and hard which makes it harder for little ones to break when playing with this. I bought it for my child when he was about 18 months old and it was such a successful experience! I've loved this incredibly...to the point that this is my favorite gift to make for my friends' toddlers!

This is such a fantastic gift for little ones - I typically buy it for 1st birthday gifts to give along with a check for college. :) something fun, something useful. Super cute book that all 3 of my kids have enjoyed!

My kids are now teens but I had bought these Cheerio books for them and they loved them! This and its companion book kept them occupied while we were out for dinner or on a long plane ride. They are a hardboard book and hold up very well. Simple colorful pages and works hand-eye coordination with placing the cheerios (or any round O-type cereal) into the depressions to complete the picture I am keeping mine for future grandchildren in case they aren't available anymore when that happens. I bought this for my niece's son and he enjoys this just as much as my kids did.
