The Complete Encyclopedia Of Illustration: Containing All The Original Illustrations From The Iconographic Encyclopedia Of Science, Literature And Art

Synopsis

A treasure trove of almost 12,000 detailed engravings, copyright-free and clearly reproducible, The Complete Encyclopedia of Illustration is a marvel of a collection culled from the worlds of science, history, geography, mythology, art, architecture, and more. Fully referenced, this volume is both an inspiration and a practical sourcebook for designers and artists. It also serves as a visual feast for admirers and collectors of old engravings, and stands as a tribute to the mid-nineteenth century artisans who created the original plates on which this book is based. --This text refers to an out of print or unavailable edition of this title.

A treasure trove of almost 12,000 detailed engravings, copyright-free and clearly reproducible, The Complete Encyclopedia of Illustration is a marvel of a collection culled from the worlds of science, history, geography, mythology, art, architecture, and more. Fully referenced, this volume is both an inspiration and a practical sourcebook for designers and artists. It also serves as a visual feast for admirers and collectors of old engravings, and stands as a tribute to the mid-nineteenth century artisans who created the original plates on which this book is based. --This text refers to an out of print or unavailable edition of this title.

I gush over antiquated pen and ink illustrations, they are magical and impressive to behold. When I

discovered this book title through a suggestion from , my jaw dropped when I used the 'look inside this book' option. There are so many illustrations placed on a single page, it is truly breathtaking.

book was shipped in a plastic with zero protection. what would have been a nice book has all corners mashed from from rough handling I kept the book because I like the engravings but a book should never be shipped like this.

Wonderful book. I was surprised at the price of this book. I thought it would be a lot more money for the size and quality of this book. I was so impressed when this book arrived. Im sure I will use it often.

Wonderful book. My second copy as first fell apart and now being used for leave drying. As I dry the leaves am often cut up by incredible images on the pages with the leaves. So decided I needed newer copy.

Book was in great shape and arrived promptly. Great reference material for artists who love vintage illustrations. I will be using this a lot in my work. Would definitely recommend this.

I would recommend this to anyone wanting some classic illustrations for web development. I'm considering cutting the pages out of the book so I can scan them better and filing them in a box for later. The pages are super heavy duty and very nice. To scan a full page would take a large format (11 X 17) scanner or greater.

This book went above and beyond what I expected. Great illustrations!

this book is an awesome historical treasure
