## Customer Reviews

Simplify Thanksgiving: Quick and Easy Recipes To Make Thanksgiving Great Starts with history of Thanksgiving and then right into the recipes. Basic no fuss recipes Has title of the recipe and servings then list of ingredients along with instruction. No pictures and no nutritional information but list of ingredient shows a low sodium variety so the recipes may be on the healthy side or you could substitute for a healthier choice. Think we will try scalloped potatoes this year as the instructions are so easy with a handful of ingredients. Love this book because it has the simple basic things we grew up with for the big meal.

I love holidays, but dread all of the work of getting meals and activities prepared for the holidays. I have tried to cut corners in the past with boxed or canned entrees. Somehow, those never turned out the way I had envisioned. Emily provides the simple recipes for my favorite Thanksgiving dishes with REAL ingredients. I'm looking forward to this year with home-made gravy, a real turkey, and all of the wonderful fixings.
