# Great Disciples Of The Buddha: Their Lives, Their Works, Their Legacies

## Synopsis

Twenty-four of the Buddha's most distinguished disciples are brought to life in ten chapters of rich narration. They include monks who were very close to him throughout his life, including Sariputta and Mahamoggallana; his cousin and companion Ananda; his principal women disciples, including the nun Isidasi and his lay disciple, the courtesan Ambapali; and the serial killer Angulimala, whose character was transformed after meeting the Buddha. Drawn from a wide range of authentic Pali sources, the material in these stories has never before been assembled in a single volume. Through these engaging tales - incorporating both historical material and myth - we meet all manner of human beings - rich, poor, male, female, young, old - whose unique stories are told with an eye to the details of ordinary human concerns. When heard with careful attention, these stories can sharpen our understanding of the Buddhist path by allowing us to contemplate the living portraits of the people who fulfilled the early Buddhist ideals of human perfection. Other characters include the nuns Nanda and Visakha and the monks Anuruddha and Mahakaccana. Great Disciples of the Buddha allows the listener to easily place each student in the larger picture of Buddha's life and provides a glimpse into the lives and personalities of those who lived, knew and followed the Buddha as he walked the paths of India 2,500 years ago, teaching wherever he went.

Best Sellers Rank: #39 in Books > Politics & Social Sciences > Philosophy > Eastern > Buddhism > History #43 in Books > History > World > Religious > Buddhism #52 in Books > Politics & Social Sciences > Philosophy > Eastern > Buddhism > Theravada

## Customer Reviews

Wonderful book....really details the disciples

An incredible compilation of extraordinary inspiration. Such incredible feats of humanity are presented in a most simple matter of fact manner, without any hype. Poignant and powerful at the same time. A must read. A must know. Gratitude to all those who put this book together!

5stars

The book collects information both from the Canon and from commentaries to give a full account of the individuals that were closer to the Buddha in his lifetime. Quite naturally most of the accounts regard the period BEFORE enlightenment, for those that eventually got there as the list includes people in most parts of the path (Arahat, Anagamin, Ekagamin, Sotapatti) including Mallika, wife of King Pasanadi, which not even entered it.

As one can expect from this author and publisher, this book deserves a place on your bookshelf. Most of the books in this series are quite expensive whereas this one can occasionally be found in the under \$20 category if you have patience and a little time. A great reference that gives life to many of those hard to pronounce names encountered when studying The Pali Canon or other books in general about Buddhism and its teachings.

These are the lives of the great disciples. You probably won't like all of them. I was hoping for less magic, but there is no denying that it was an essential part of the earliest understandings of the Buddha's teachings.

Great book to find out more detail about Buddha's disciples.

Buddha was one of the greatest human beings that have ever existed on this planet but his work and legacy will not survive alone without the great contribution of his disciples. In this book, you can easy learn and understand the roll of each and every person which was close to the Buddha or his teachings and who made his/her best effort to give continuity to the great legacy of Siddharta Gotama
