Customer Reviews

Sandra Boynton has a knack for creating baby books with bounce. Her Barnyard Dance! Is a true romp of a board book, with cartoon farm animals that are wacky enough to make you laugh out loud, and rhymes clever enough to sustain those nearly infinite re-readings: "Stand with the donkey / Slide with the sheep / Scramble with the little chicks - cheep cheep cheep!" Now, here's a woman who really knows how to use an active verb. -- Parents, June 1994 The popular illustrator and greeting-card artist brings oddball humor and plenty of sassy energy to Boynton on Board, a quartet of concept board books. Each volume features a die-cut front cover framing a picture of its ebullient cartoon stars. A zany sensibility gives an extra bounce to the otherwise conventional counting book

One, Two, Three! A similar silliness suffuses *Dinosaurs*, which explores opposites. In *Barnyard*, farm animals dance a boisterous, breathless, knee-slapping reel called, with great panache, by a fiddle-playing cow: "Bow to the horse. / Bow to the cow. / Twirl with the pig if you know how." The rowdy crew in *Monsters* bursts in upon a mild-mannered hippo and makes "the mess that monsters make," but returns to make amends. Fresh and buoyant, these books are good, clean fun. Ages 1-4. The Boynton Board books are compact treasures just right for little kids. Each book is replete with full-color drawings and comes with a die-cut cover. Also in the series are: *BIRTHDAY MONSTERS!*, filled with monsters wreaking havoc; *ONE, TWO, THREE!*, a counting book presented by various animals; and *OH MY OH MY OH DINOSAURS!*, where dinosaurs present kids with an easy way to learn all about opposites.

My kids are grown now, but this and *Moo, Baa, La La La!* were their absolute favorites. Bought this to pass along the fun to a friend's kid who is enjoying being read to, and loves the board books while she is out with her family at various events. The books are well made, heavy duty cardboard. Well printed, Well illustrated. Perfect for the young, aspiring reader!

Sandra Boynton writes, hands down, my favorite children's books. I learned about them when our school librarian bought a couple for my daughter. Her illustrations are adorable and her stories are too! *Barnyard Dance* is my favorite, but I won almost all of them. Some are educational (*Opposites*) and some are just fun (*Dinosaur Dance*). I have also bought these as gifts and everyone absolutely adores them. If you are looking for a short, fun book for a little kid, get one of these. They might not be complex enough to hold the attention of older kids though (but I don't know because I don't have any older kids).

Great read that encourages children to be interactive with the characters. Another favorite of my 2yo granddaughter!

We love this book! We have had many copies of this book. It has been a favorite of both of my children and I have the entire thing memorized. I think everyone needs this book.

my daughters favorite book. The first book that she ever wanted to have read over and over. 18mo

This book does not need anymore glowing reviews but I wanted to say that this is my favorite of her books. I bought this for our 15 month old at Christmas time and we all love to hear this book. My seven year old requests this book. We all try to do the moves from the book as I read it (or rather sing it). I suppose this is more like a song than a story. As always with her books the illustrations are charming and perfect for little book lovers. This book is highly popular in our house. We have many of her books but this is by far our favorite. Happy reading (and singing)!! "Stomp your feet, Clap your hands, Everybody ready for a Barnyard dance..."

family favorite... gift to a very young friend. The rhythm and verse is great.

My granddaughter loves this book so I gave it as a gift.
