# Manara Erotica Volume 1: Click! And Other Stories

## Synopsis

A master of storytelling and of the human form, Manara has created some of the sexiest comics ever published. Volume one is anchored by all four parts of the internationally acclaimed Click! in which a beautiful but passionless woman is plunged into a hilarious, world-spanning adventure when she is implanted with a remote-controlled chip able to unlock her inner lustfulness. Manara classics Rendezvous in B-flat and "The Last Tragic Days of Gori Bau & the Callipygian Sister" round out this dazzling compilation. Now in paperback! The only comprehensive English collection of Manara's erotic work. Includes introductory material providing historical context for American readers. Translated by Eurocomics expert Kim Thompson.

## Book Information

## Customer Reviews

Maurilio Manara, known professionally as Milo Manara was born September 12, 1945 in Lienz, South Tyrol and is an Italian comic book writer and artist best known for his erotic approach to the medium.

The art and paper quality and binding of this book make it good. Fantastic line work- and no gloss coating over the paper. Recommended

I received it today in pristine condition and was very happy with the purchase! Great artwork! Milo Manara is fantastic! Collecting his work in these library volume collections will be a pleasure to enjoy for many years to come! A great investment for fans of this artists' best work. I would highly recommend buying from this seller again due to their quick response and conscientiousness to satisfy a customer! Very Satisfied

super bummed this isn't in color. expected a bit more from darkhorse. should've researched this a bit more before shelling out for it!

Good for drawing practice.

All U have to do is open this book up to any page and U are pulled into Manara's world. Try it...

It's a nice book, but why is a deluxe edition of Manara's work in black and white? I've seen all these stories in color elsewhere. I'm not sure what they were thinking releasing it like this.

This volume of work by Manara published by Dark Horse contains truly wonderful art by the italian master, which, but for the completely misguided and misjudged decision of the editors/publishers to publish the work in black and white, would have made for a truly essential volume to own. As is, the publishers have issued a volume which is likely to be consigned to the status of a mere curiosity, and hardly to be regarded as a truly "definitive" hardcover collection. What's perhaps more annoying is the apparent justification provided in the book's overlong and somewhat meandering introduction (it spends almost half it's time talking about other people's work and repeating a basic point about changing social attitudes to sex in Italy; something which it could have been more economical with in order to focus on Manara and the stories themselves, but alas...) In any event, the introduction alleges that editors felt that printing in black and white simply provided the best opportunity to truly enjoy Manara's line work, a decision which strikes as both paradoxical and perplexing since the introduction admits the stories were originally \*printed in color!!!\* If a concern arises about the quality of the original prints, that's not something to avoid by publishing without color. That's something you deal with by whatever means you need to!!It's an insane decision for a reasonably pricey hardcover volume ostensibly designed to celebrate the work of clearly one of the most accomplished artists and erotic storytellers in comics, and arguably borders on epic stupidity. The

editors appear to forget that these stories are available elsewhere, however hard to find, and in color, as originally intended, so that releasing an all black and white volume in 2012, immediately relegates the importance of this volume to "non-essential" or "easily overlooked." Which is unfortunate. The content here is superb, and definitely worth five stars. But you might wish to wait until Dark Horse fires the editors of these Manara collections or someone else collects and publishes Manara's incredible work.

This volume has great art by the legendary Manara, and the stories are sexy and fun, but it is disappointing that Dark Horse decided to print the entire collection in black and white. Some stories look like they were clearly intended to be in color. The black and white line art often has little in the way of shading, at times resembling an adult coloring book. I checked out some color pages from Click! in another edition (which you can do right here on ), and the addition of color really enhances the art. Many of my favorite comics are in black and white, but in this case, I feel like an opportunity was missed. This hardcover retails for \$60. Had the stories been printed in color, it would have been worth the cover price.
