HAD THE WRONG TEST SHEET IN THE BOOK NOT OFFICIAL SEAL!!!!!! got it worked out with my professor so my score still counted but make sure the test sheet on the inside does not say VOID and the servsafe seal is in a metallic glitter print.

Bought the book for my friend who is taking a course at the community college, he is planning to be a chef and book is used for the intro to cooking series. Program is accredited through southern association of schools and college, which means it is ACCREDITED. Be careful for you who don't know the difference, it makes where accreditation is from.

This book does NOT come with the exam answer sheet, which costs an additional \$38. The description of the item states the answer sheet is included but it was torn out of the book I received.

good condition

fast shipping, good quality

My book contained the Online Test Voucher but NOT the On Line Lab Access Code required for my class (Another \$58 charge).I have purchased twice and still not right.

This book is very easy to read. The chapters and information is clear and to the point. I recently took the servsafe exam and only missed 3 questions. I purchased my book new and it included the servsafe exam sheet. The school book store was selling the book for 90\$ and most of my classmates bought it because they feared the exam sheet wouldn't be included but if you buy it new, the exam sheet is included and if you are a student you can sign up for prime at a discounted rate or free (with a free trial) and get it in two days.

Delicious
