## Customer Reviews

I enjoyed all the stories. They told a story about love and conflict. The clans were very bold about their desire to gain power and land. It will take time to read all the other books. Thanks Joanne for your stories and some history.

Overall, this is a can't miss book set!! I absolutely loved this entire series and can not get enough of Ms Wadsworth's Highlanders! Highlander's Desire: Another AMAZING book from Joanne

Wadsworth!!WOW! From page one, I swept right into this story. I felt as if I was truly in the Highlands along with all of these amazing new characters. I absolutely love that this new series is about Highlanders that can shift into bears. Joanne Wadsworth nails the paranormal element in Highlander's Desire. I love how her Highlander books usually involve time travel but adding in the shifting ability was awesome. Isla is a beautiful, stubborn and proud fae with the ability to shift into a bear also. She tries her best to avoid the pull of her destined mate but the need to be with him becomes too overwhelming. I love her quick wit and humor. Iain is the eldest son of the clan chief and is destined to fulfill an ancient prophecy that will see him help to merge both Matheson Clans. He tries, relentlessly, to find his mate when the bond between them begs that he find her. She always seems just out of his grasp and the need may just drive him crazy. The connection and sparks between these two is amazing, instant and HOTT! I love reading about these two characters and their adventure. I love where Joanne left this book and cannot wait to read Finlay's book. Thank you Ms Wadsworth for another amazing Highland adventure! You have a true

talent. Highlander's Castle: Amazing!! I could not put Highlander's Castle down. It was a fun adventure of love, loss and time travel. I loved Anne and Annie MacLeod and their time travel adventure. They are identical ancestors who meet because Annie MacLeod wishes on the fairy flag at her cousin's castle that she will not have to marry Alex MacDonald. It seems fate believes that Anne and Alex should be husband and wife, so Anne is transported back in time to meet and handfast with Alex. The connection between Anne and Alex was almost instant and you can almost see the sparks fly. You could feel all of the character's emotions as if they are your own. As I read each word I watched the story unfold in my mind. I love Joanne Wadsworth's writing and her ability to capture your attention from the first page. This is the first book I have read by Ms. Wadsworth but it sure will not be the last! Thank you for such a wonderful

book. Highlander's Champion: Absolutely Amazing!!! I could not put this book down! 5+++ Stars!! I have absolutely loved this entire series, and Highlander's Champion is no exception! I love that they are time travel books. When Arianna is pulled through a portal and found by her ancestor and a handsome Highland warrior, she is injured and has broken bones. The two of them nurse her back to health, but she is unsure if she will ever make it back to her father who is dying from cancer. Arianna has no intention of staying in the past, but a certain Highlander may change her mind. James is a handsome, rugged Highland warrior who is determined to defeat the reigning champion at the Games. He never expects to fall under the spell of a beautiful woman. I love Joanne Wadsworth's writing! I feel as if I am actually a part of her book and characters. When Arianna travels through time, I felt as if I was in the middle of the storm with her. I felt all of the love,

heartache and everything in between as if it were my own. Another amazing story from the wonderful Ms Wadsworth! Thank you Joanne for such an amazing book and series!!

I liked each book. I learned a lot about Scotland. I learned a lot about time travel too. I would recommend this book and author to my friends and family.

This book was good I liked being able to read the first book in each series to see if I would like it. Good highland warriors with equally good romance.

Really enjoyed the box set. Each story was unique with the time travel theme. Plenty of romance and very little drama.

Great book

The first of the three was terrible - verbal porn with a very thin storyline. It is so thin because everything is either foretold by seers who even travel to make the future known to whoever might be concerned, or the characters know per some instinct who their "mate" will be, and they have various supernatural talents to get them out of anything remotely unpleasant. The other two stories were better, but the first one (#1 in a series I would never want to read) ruined the whole thing for me.

Loved every book. Couldn't put it down.
