Road Trip USA: Cross-Country Adventures On America's Two-Lane Highways

Synopsis

Now in its seventh edition, Jamie Jensen's best-selling Road Trip USA is better than ever. Inside, you'll find cross-country routes and road-tested advice for adventurers who want to see the parts of America that the interstates have left behind. Jensen also includes mile-by-mile highlights celebrating major cities, obscure towns, popular attractions, roadside curiosities (if you're looking for the world's largest jackalope, you're in luck), local lore, and oddball trivia. With full coverage of more than 35,000 miles of classic blacktop, Road Trip USA will take you off the beaten path and into the heart of America. Features include: A flexible network of route combinations, extensively cross-referenced to allow for hundreds of possible itineraries Essential tips for the road: survival guides for two dozen cities, call letters of the liveliest radio stations, and details on where to eat and sleep Full-color interior with more than 140 meticulously detailed maps

Customer Reviews

Jamie Jensen was immersed in road trip culture from an early age. He grew up in Southern California, back when freeways were new, cheeseburgers cost a quarter, and every beach had a beachfront amusement park. After a three-year stint bumming around the country, making hay in Kansas, and ghostwriting a book for the Grateful Dead, Jamie set to work researching and writing Road Trip USA. Since then he's traveled more than 400,000 miles in search of the perfect stretch of two-lane blacktop. When not crisscrossing the country by car, he rides his bike whenever possible. Jamie lives with his wife, Catherine, and twin boys, Tom and Alex, in New York City, at the

east end of the Lincoln Highway.

It IS revised. I was skeptical that this was just a reprinting, but upon close inspection I found many additions were made. It's about 50 pages thinner than the last edition as well, but looks like all the content from the last edition is kept in. The 50 fewer pages, don't know how they did it, makes the book much easier to carry around. Buy this one, not a used sixth edition. This is THE book on american highway road trips.

Great book! Had I the time, I'd take each of the trips described. I've done the Route 66 trip many times!

As Advertized.

good

some interesting stuff in there .. will go with on the cc road trip ...

Informative and enjoyable

just what we were looking for

Traveled the west coast from San Francisco to Seattle, then over to Montana and back to San Francisco again with this book. Great advice and unique places to stay, visit and eat. I read travel books for giggles and own a ton. This is hands-down my favorite. Enjoy :)
