Customer Reviews

Have already colored several pictures. Love all the animals.

Going to enjoy this I just know it

There are some excellent designs in this book! However, there are only 16 actually pages with art (single sided). Very nice book but I'd like to see an accurate page count in the description.

Love the pictures in this book. :)

This is a great gift item for talented, bored children with the desire to refine their fine motor skills or adults who are bedridden and need to pass time.

Look like average Xerox copies. Nothing to be overly excited about.

Love it, will buy again for gifts.

Really well done!
