Coming Attractions: Katie Weldon Series, Book 3

Synopsis

Are you serious? As graduation approaches, Katie Weldon is pretty sure she's ready for the word "engaged" to describe her relationship with Rick. But Eli seems to always be right there when she needs support. Rick is everything Katie's ever dreamed of, offering her stability and love. Eli, on the other hand, brings adventure, spontaneity, and a wild love for God. Katie wonders if she's ready to be serious with any guy. Maybe God wants her to seriously commit to Him first, whether her future is all planned out or as spontaneous as her impromptu life has been so far. One thing she knows for sure: With God alongside her, the coming attractions are bound to be a surprise. *Coming Attractions* is the third book in the Katie Weldon Series. --This text refers to the Paperback edition.

Best Sellers Rank: #105 in Books > Teens > Romance > Clean & Wholesome #4824

in Books > Teens > Romance > Contemporary #27977 in Books > Christian Books & Bibles > Literature & Fiction

Customer Reviews

With college graduation on the horizon, Robin Jones Gunn invites me back for a nice ending to college for Katie Weldon in *Coming Attractions*. I had a really good time seeing Katie decide what she really wanted in a spouse and who was not knitted with her at the heart as she once thought. Again, Robin invited me into the lives and struggles of some of my favorite literary friends. I enjoy returning to their lives and seeing what they have been up to. The plot moved at a great pace, and I had no problem finishing the entire book in one afternoon. I really enjoy these characters and hope Robin keeps them alive in my imagination. I highly recommend this series.

I love all the Christy/Sierra/Katie books! This is by far the best yet. I had my doubts at first. Katie seems to fall prey to the world's way of living life and choosing her direction in life by those standards. And, it seems as though because of that, she has really matured. Yet, she has inner conflict about ending college and beginning her new phase in life. A surprise visit by her parents at this point was heart-warming. But then at the very end of the book, everything changes rapidly. In one way I was disappointed in the ending (while I was reading). As I reflected about the story longer I realized that Katie was listening to God, drawing on His power and strength to follow a direction in life greater than some worldly standard novel way... Then I realized Robin Jones Gunn had finally done it. She had shown how as we as humans always rely on our goals that we had set up. We find it odd or disconcerting when people change those goals. On the outside we tend to judge and diminish a person's frivolous new ideas, without even giving God the credit for the nudge in a different direction. Enjoy the read!

I loved the Chisty Miller series and this is a great one about her best friend, Katie!

I was excessively pleased with the way this book ended for it is exactly as I would have done it. This was a pretty good book although not my favorite of Gunn's. There were a few things in it I thought as being unrealistic and never about to happen. I can't help but admit that some of Gunn's old-fashioned phrases and Katie's corny 90's jokes were kind of annoying...actually, very aggravating (clearly no one uses acronyms anymore unless it's a company or text message). Besides that, it was a good conclusion to the story, but leaves the reader (and writer) wanting to find out more. *hint, hint*

Great adventures with Katie. Robin once again keeps her audience in suspense as Kaite must make choices by being obedient to God. I wish the series could be made into a movie. It definitely had me at the first page.

I bought this series for my 15 year old daughter who is NOT an avid reader. She finished all four books in less than a week! She read these on summer vacation - which in and of itself is a miracle.

Robin Jones Gunn's style of writing keeps the reader's interest all the way through. I appreciate her heart-warming stories that include God's love and wholesome living.

It came reasonably quickly and smelled good which is a must in a book.
