Mastering Multiple Choice For Federal Civil Procedure MBE Bar Prep And 1L Exam Pre (Career Guides)

Synopsis

This multiple-choice exam practice book is designed for (a) bar exam takers, who are preparing to take the MBE multiple-choice bar exam (Civil Procedure is a new testing topic added to the MBE multiple-choice bar exam as of February 2015), and (b) 1L law students, who are preparing to take their course examinations. The book offers practical, easy-to-follow advice on multiple-choice exam-taking strategies, clear suggestions on effective multiple-choice practicing techniques, and a lengthy set of Civil Procedure multiple-choice practice questions with answers and explanations (designed to simulate MBE-style questions). Tables help users decode the tested-topic for each practice question.

Book Information

Series: Career Guides

Paperback: 189 pages

Publisher: West Academic Publishing; 1 edition (November 6, 2014)

Language: English

ISBN-10: 1628103388

ISBN-13: 978-1628103380

Product Dimensions: 0.3 x 7.4 x 10 inches

Shipping Weight: 9.6 ounces

Average Customer Review: 3.6 out of 5 stars 8 customer reviews

Best Sellers Rank: #964,904 in Books (See Top 100 in Books) #82 in [Books > Education & Teaching > Higher & Continuing Education > Test Preparation > Professional > Bar Exam](#) #290 in [Books > Law > Legal Education > Test Preparation](#) #981 in [Books > Law > Rules & Procedures > Civil Procedure](#)

Customer Reviews

I am giving this 4 stars because it was really helpful for me. I brought up my study questions from 50% to 70%+ mainly by going through all of the questions and making flashcards from my wrong answers. (There were a lot!) But, I was expecting an outline or some sort of outline or overview of the basics of Civ Pro, since I am more or less starting from scratch (I finished law school and took my last bar exam in 2007). Reading the description again, I can see that it doesn't promise to be anything else, but I wanted to write the review in case anyone else was similarly confused. This has a helpful introduction re approaching MBE questions, but it is NOT an outline. All of the Civ Pro you learn, you learn from answering the practice questions and looking at the answers.

If you're looking to purchase this book for bar exam prep, please look elsewhere. The questions are just too detailed and are not representative of what is actually tested on the MBE. I just sat for the July bar exam, and the civil procedure questions on the exam are simpler. This book tests obscure rules with complicated factual situations. Don't stress yourself with this book. There is enough stress that accompanies the bar exam as it is. Do not add more to your life.

This one is perfect

This is not an outline - this contains Questions and Answers (and explanations) ONLY. I purchased this along with "Civil Procedure MBE Practice Questions" (AmeriBar.) Neither of these two have an outline. They are just questions and answers. The 124 "MBE's" in this book seem way too hard for MBE's. Keep in mind that we haven't yet seen real MBE's (as of Jan 2015) other than the ten questions released by NCBE, but compared to the MBE's I've seen in other subjects these questions are way harder than real MBE's. They often cite specific (and obscure) code numbers, which is likely not the way the MBE will be. I got about 60% of the questions correct. This book will help you learn the rules (although maybe a little too much in detail) as you work through your wrong answers but I don't think it is representative of what you will see on the Bar Exam. Conversely, AmeriBar's "Civil Procedure MBE Practice Questions" has 264 "MBE's" but they seem way too easy. I'm testing somewhere in the 85% and CivPro is one of my weakest subjects. That book is more like practicing with flash cards. It's basically testing your understanding of simple rules but not necessarily how they would be applied in full blown MBE questions, which are more in depth than just rule

statements. *****NOTE*****

***** I just completed the 50 questions from Wolters Kluwer's "MBE Civil Procedure Questions" and feel they are as close to what a real MBE looks like as any CivPro MBE's I've seen. It is well worth the money. That book is not currently available on Amazon but can be purchased for \$30 through Aspen Law's website. I have downgraded my review of "Mastering Multiple Choice for Federal Civil Procedure MBE..." from four to three stars after finding Wolters Kluwer book because it is a much better deal for the money. *Warning* The Wolters Kluwer book also does NOT have an outline. https://www.aspenlaw.com/bar-review-series/id-9781454858904/MBE_Civil_Procedure_Questions MBE Civil Procedure Questions by Wolters Kluwer Published: 10/01/2014 ISBN: 9781454858904 Beginning in February 2015, the Multistate Bar

Examination will include Civil Procedure questions. Until the National Conference of Bar Examiners releases practice exams with actual Civil Procedure questions that we can use to update our offerings, we are offering these 50 practice questions for sale. The questions simulate MBE style and provide in-depth explanations for each choice, explaining not only why the correct choice is correct, but also why the incorrect answers are not."

Whether you are taking the MBE or not, this book is excellent. Well written. They get the law right. I just took the California bar and it was useful.

I got an A-

Was not very useful, the questions were way too hard and often cited specific rules in the answer choices which is not how the material is tested on the bar exam. There was no outline or substantive material, just around 120 questions and answers. I returned it, far too expensive for such an inapplicable product

This book has been a life saver. The questions don't just test my knowledge but give great explanations as to why the correct answer is right AND why the wrong answer is not correct, which is super important to know if you want to improve your multiple choice and Civ Pro skills. As for those saying they are disappointed that this is not an outline, it doesn't promise to be an outline. This is strictly multiple choice (which is very useful to have). Janssen has written other books with maps/outlines and I would recommend those as well.
