Customer Reviews

Kinardley got a rough start in life, but he found a good home, (got a new name - Jake), and became part of his new owner's life. Took a while to tame his wild side, but he developed a fierce protective side as he came to be more comfortable with his new owner (and later with an addition to the family). This is another one of those warm, fuzzy, feel good stories about dogs and our relationships with them. If you don't like pets, you won't get it. But if you are a dog lover, can there ever be too many of these stories? Probably not.

Any dog worth bringing home is worth your time and attention. We have a bucktoothed weiner dog

who couldn't bit you if she had to, not much for looks with her extra long nose and overbite but I wouldn't take a mansion in trade for her. She is my constant companion and her silliness is cheap entertainment. None of us are perfect and your dog doesn't have to be perfect either. Just show them you love them and train them to be good neighbors and ENJOY them!

Over the years traveling by car has brought us through so many small towns and villages where a great many "Kinardleys" reside. Hearts full of love and desire to please are the way they arrived at their owners doorstep. Unfortunately, that is as far as many of them ever got. Tied up to a tree, fence or delapidated crate they begin a life of neglect and often unwarranted abuse. We always questioned "why"? Why get an animal to ignore it? What prompts adult individuals or family groups to inflict this abuse on any living creature?.Kinardley was the lucky one to be rescued and become a cherished pet. His story has an ending that resounds there is hope out there for the "lucky" ones. Too bad intelligent tests are not required as a basis for acquiring a dog or cat. Maybe we could weed out the idiots who don't understand the basic care required nor see the errors of their idea of pet ownership.

Enjoyed this short story about a wonderful dog. As I have one who is now 11 years old and protective of me despite the fact he is a bichon and Bichons have been bred for hundreds of years to be mild, he didn't read the memo. Thanks.

I really enjoyed this story because it rang, so true. Have had dogs like,Jake I have a Bichon right now who is,over protective of me. My Sammy would fight to the death for me and he is just a little guyAnyone,who loves true,stories, or loves,there own dog will 'll enjoy this rather short story

We had Norwegian spellbound was a beautiful dog but very stubborn would come when he was called so I can relate to this author. He never fought other dogs and was not faithful but I loved him very much as I have all the dogs we have owners.

I love reading books that show how love and caring can work wonders on (seemingly) incorrigible dogs.Kinardly was such a dog. His personality bore the brunt of his earlier years but once he found his "forever home" things started changing. He became a devoted and loyal companion. I love happy endings.

This is a wonderful story of how it only takes one person to make a difference and how one dog can make such a difference in one's life. If you are an animal lover it will send you through the emotions of madness at the beginning, the way this poor little guy was treated. But in the end is the most wonderful outcome and will tug at your heart. This is a feel good read and keeps you reading till the end. Great job Emily Pruitt!!!!, Hope she writes more.
