Customer Reviews

good product price and service.

I bought 3 copies.

Play like a pro contains hours of useful information and fascinating history of jazz. Accurate transcriptions from Art Tatum to Bill Charlap, with commentary and teaching information from some of the most respected jazz musicians.

If you play Jazz, or want to learn to play Jazz, this is a good volume to consider. It includes more than one treatment for some of the compositions, as well as commentary on the arrangers.

However, if you are looking for more traditional arrangements this is not a book you'll want.
