Who Was Pablo Picasso?

Synopsis

Over a long, turbulent life, Picasso continually discovered new ways of seeing the world and translating it into art. A restless genius, he went through a blue period, a rose period, and a Cubist phase. He made collages, sculptures out of everyday objects, and beautiful ceramic plates. True Kelley's engaging biography is a wonderful introduction to modern art.

True Kelley lives in Warner, New Hampshire. Nancy Harrison lives in Allentown, Pennsylvania.

My students love these books!

The structure and form is great. It's easy to understand and explains in full detail all of Pablo Picasso's life.

I bit too over simplistic. More info on his motivation would help.

Who Was books are the Best!!! Between doing a picture study on his "three musicians" and reading this book, I've fallen in love with Picasso, And Art!!!

Informative book about Pablo Picasso.

Good read for kids. Not too wordy and just enough pictures to make interesting to a second grader. Good intro for grown ups too

Love all of the Who Was...books! Very interesting and short enough to keep the shortest attention spans.

Very nice book for kids. My daughter had a time capsule project and she used a lot of this book for it.
