Customer Reviews

Easy reading and I will have a great time trying all of these patterns along with different types of yarn.

I didn't find the pattern I was looking for in this book, but I read over the pattern instructions and

found them clear and easy to read which makes a huge difference. I don't recommend anything to anyone. If the pattern you want is here it looks like a great resource .

The instructions are easy to follow I have made the pineapple lace Shaw twice in 4 days

Nice patterns. A bit of everything from fancy to simple. The little grey one on the cover I'm making for my 10 yr. old granddaughter for Christmas, not too grown up, but just, and warm.

Love making shawls for my friends

Great book for simple and fun projects. Easy to read and understand. Good for beginners and intermediate crocheters Several projects inside.

Amazing patterns! Love all of them!

Great book with awesome patterns. Plan to start one of the projects when I find the perfect yarn I want for the project.
