Religions Of The World (12th Edition)

Synopsis

Discover the historical importance of religion in the world's cultures. Closely edited for clarity and readability, and conceived for students with little or no background in the academic study of religions, *Religions of the World* offers the most up-to-date and historically accurate coverage of the world's major religions. It not only explains to students why it is imperative to study religions, but does this through the support of primary source documents, coverage of religions as they exist today, and integrated media resources. In preparing the twelfth edition of *Religions of the World*, Mark Woodward drew on his introductory teaching experience to thousands of undergraduates over the last decade and his living / working experiences in Asian Christian, Buddhist, Confucian and Muslim societies for extended periods. He continues to stress the importance of religion in the world's cultures, and the need to promote harmony and understanding among people of different faiths.

Customer Reviews

"The main strength is that it covers the major religions adequately. The other strength is that it covers the traditional religions in the Americas and in Africa. The other strength is that the vocabulary words are bolded and there is a glossary for them." - Ivory Lyonns, Mount Union College

"Very good textbook, it covers all the world religions from east to the west, this means, it is complete, thorough, and comprehensive. It gives a place to discuss those new religions such as Baha'i faith and some other hot topics such as Religion and Violence, etc. It offers some new perspectives and points of view to consider regarding religion and its role in the contemporary world." -Hong Qu, Iowa State University

II. Author Letter

If you are looking for definitive knowledge on the differing religions of the world, don't look here. This author is full of speculation and conjecture, not factual information.

Great book, very helpful and it arrived just on time!

Good book with lots of information - gave basic info but only gave a starting direction on classwork and assignments - had to do most research using other sources.

2016 course at CTC, used it and able to study just fine.

Book was fine, I had to have it for school.

Everything was fine with the book and it came early. I love how it is very cheap :)

Quick shipping, just as described

Really enjoyed reading this book for class. It gave a lot of insight into different religions and the reading was not dull.
