World Famous Royal Scandals: Princess Diana

Synopsis

A scandalous rundown of the life and sad death of Princess Diana, the queen of British hearts. From the fairytale wedding to the faithless Charles, through the suicide bids and bulimia, on to her own affairs, Dodi Fayed, and the final tragedy in that Parisian tunnel. This is a brief but eminently readable story of one of the great tragic royal figures of modern times.

Customer Reviews

The author and participants in putting this out for the world to see are definitely attempting to further slander a woman whose only mistake was getting involved with the Royals. Thank God for William and Harry to show the world what a wonderful and precious mom she was. Princess Diana lives on thru her wonderful 2 sons.

I enjoyed this.

I would recommend it. Not sure bad read. Just shows the royal s are human. Is it really true. Who

knows.

great read.....
