Customer Reviews

Nelles Verlag have been producing accurate and detailed maps of all the world since 1982. Their reliability and clarity have made them the first choice for travelers everywhere.

Great detail, manageable size and durable. This map will help with my travels through South East Asia. Map also has mass transit points and border crossings.

For an upcoming trip to Laos I purchased two maps of the area. This one, and the corresponding [Vietnam, Laos & Cambodia Travel Map, 6th \(Globetrotter Travel Map\)](#). This map is much smaller and splits the region into two sheets. More detailed maps of Phnom Penh, Ho Chi Minh City, Luang Prabang, Hanoi and Central Vientiane are arranged around the main map. Compared with the Globetrotter map this map seems more handy (smaller size), containing much more detail. Topography is indicated by gentle shading, tourist attractions and some natural features are indicated as well. The font is small, but clear and I have no trouble reading it. In comparison, the

Globetrotter maps despite its larger size contains much less information, was a disappointment and led me to the purchase of this map which I will bring with me to Laos next month.

I was just the right size to take on the trip and I could write on it so I was able to plot my stay all over the country. My plan is to add notes concerning the side trips we'll be taking.

Not as detailed as I had hoped or expected. Was going to return it, but never got around to it.

This is the 12th and most recent edition. As almost always the product coming from Nelles is the more handy, more detailed and reliable map for the North-East of Thailand, Laos, Cambodia and Vietnam. For the planning at home I can recommend the Nelles Map Southeast Asia 1 : 4 500 000 (Nelles Map), too. And also on the road this Vietnam, Laos, Cambodia (Kambodscha) 1 : 1 500 000: City Maps: Central Vientiane, Hanoi, Luang Prabang, Phnom Penh, Ho Chi Minh City (Saigon) (Nelles Map) ist the handiest map I found. The region has been splitted in two. North comes first, when opening the map. The Southern Regions are on the back. More detailed maps of Phnom Penh, Ho Chi Minh City, Luang Prabang, Hanoi and Central Vientiane are arranged around the main maps. The roads are well indicated, tourist attractions and the most historically interesting points or nature reserves are signed out as well. I am also able (without lenses!!) to read even the smallest village's names and street names in the city maps, too. The Legend is in English, Deutsch and Francais. All I can say after having it in my hands just now, is - buy it, try it, keep it, recommend it!
