Customer Reviews

Footprint Focus travel guides are specially designed for the needs of today's travelers.

Egypt: Cairo & Nile Delta provides you with all the information you need and none of the stuff that

you don't need to be an expert. Insightful, in-depth and up-to-date information on this fascinating region of Egypt. Extensive listings and expert advice on where to stay, where to eat and what to do

Born in England, Vanessa Betts has lived and worked overseas for much of the last 14 years, more than 3 of which have been spent in Egypt. She first arrived as an English teacher in 2000 and intended to stay for 3 months, but it turned out that Cairo needed rather longer than that.

Subsequent jobs as a writer and editor for international publications and websites have been interspersed with travels in Africa, Australia and Southeast Asia.

While a little out of date (a year or so), this book proved itself very useful on a recent trip to Cairo. My travelling companion and I looked it over on the plane ride and used it as a springboard for selecting places we wanted to visit, planning our day trips effectively, and making sure we weren't committing any cultural faux pas. While I'm sure it didn't help us blend in, it did help us have fun and ensure we weren't missing important sites. It was also nice to have something we could consult without pulling out our cell phones. The only thing missing (and the reason I knocked off a star) is it lacked comprehensive maps. A few pages at the end of detailed maps of Khan El Khalili, the area near the Egyptian Museum, and Zamalek especially would have been very helpful. There are rough sketches in those sections of the book, but adding every street would have been a great help. The book is small enough to fit comfortably in a medium sized purse. During the day I brought water, my cell phone, money, passport, my camera, toiletries, and a power bank and the book never got in the way.
