Take a gander at the rundown of formulas gave in this book beneath and see it for yourself.All formulas in this book are finished with insights in regards to cooking time, fixings, heading, serving data and full nourishing substance, so you will have all the important information to take after the plans.

Excellent information! This book is a must have resource after weight loss surgery and there is also good information in the beginning of the book. The author of this book did an excellent job and for each recipe I have found easy to follow cooking instructions, nutrition info, and many more things.

Recommended!

Gastric Sleeve Is An Amazing Cookbook! It is packed with dozens of nutritious quick and easy meals. The recipes are simply delicious.

Who doesn't love learning new recipes!

Very good information, very good recipes seem easy to make simple ingredients, except the bison I have no idea where to find that but it gives me a challenge, I also am going to challenge myself and my husband to try a new ingredient each night if we can. I like this book and will be trying a lot of the recipes with my family.

I had enjoyed learning new recipes especially that the delicious meals are intended to heal post operation procedures. They were all well-written and very comprehensive. I am excited to try cooking one, one of these days.

We wanted to help her make things easier. In my end, I have been reading everything of interest to me. I found this book to have very satisfying liquid drinks. The book has recipes for all stages after surgery. I know this book could be a great help to my friend. I haven't finished reading this one yet but I'll dig deeper on it.

I'm getting ready to have surgery and I love this cookbook. It's up-to-date and has recipes that are easy for anyone to make. I collect cookbooks, but this one, by far, is the best. I will try, at least, 85% of these recipes, and I've never found another cookbook where I found so many recipes I wanted to make. This is a very detailed book and is a must read for anyone that has a weight problem or is considering having a gastric sleeve operation.
