5 Stars to Wrecked by Luke Prescott.Release Date: June 23, 2017Asher and Payton......It feels like I've been waiting forever for this book. After reading Screwed,, the debut book by this author, I knew that Wrecked would be just as steamy. I was right, but it was so much more! Even after reading the synopsis, I wasn't sure of this book's premise. The unpredictability became a pleasant surprise. I admit I am notorious for trying to figure out a book's plot from the very beginning. There were twists

and turns I didn't expect. The author's writing has a smooth flow with a steady pace. There is a lot going on to keep the reader engaged. The characters were likable and relatable and I had a strong connection to Asher and Payton. In addition to the steamy erotic aspect, there are tender moments as well. Damn, that Asher is swoon-worthy book boyfriend material. Asher is a mechanic who dreams of one day owning his own garage. He is a sexy, cocky man who loves his drinking and one-nighters; who has no intentions of be involved in a relationship. But when his boss's daughter comes to work at the garage, Asher begins to change his way of thinking. It isn't long before he realizes his desires regarding Payton are becoming more than lustful. She is all he thinks about. Payton has secrets. Her reasons for moving across the country are complex, leaving her to be constantly on edge. Because of these unsettled emotions, she did not want to get involved with Asher. However the chemistry between them was not to be ignored. One of my favorite aspects of this book was watching Asher's character change. It was as if a switch was flipped when he met Payton. She gradually became his everything. Asher became the epitome of a hero. I liked Payton. But I loved Asher! Even though his first pages in the book painted him an arrogant jerk, his change to loyal, protective and loving was amazing to watch. I absolutely adored his romantic side. My favorite scene was where he danced with Payton. Those moments were intense and shiver-worthy. hated when this book ended. I wished it were longer; I wasn't ready to say goodbye to Asher and Payton. No matter how short it was, Wrecked is a book with all the emotions and 'feels' we look for in a perfect read. I'll also add that the suspense added more depth and complexity. If you haven't yet read Luke Prescott, you are missing out. Both of his books, Screwed, & Wrecked, were fantastic! I am looking forward to more from this author for sure!\*This is my honest and unbiased review.\*

WOW!!! I love this book!!! Luke has done it again, he has written another HOT and SEXY Book...

Ladies he will have you hooked and breathing heavy just in the first chapter and when you turn the last page you will absolutely be Wrecked. Asher is a sexy, panty melting mechanic but at one point in his life he lost everything. He filled his days getting his hands dirty and spent his nights with woman that had no strings attached. He enjoyed his single life, it was good till he stared into the eyes of a mystery woman who turned out to be the boss's daughter. Payton moves to town and begins working for her father in his Mechanic shop. She is beautiful, Independent and has a little side of sassy. She is instantly attracted to Asher but knows her father warned everyone she is off limits. Payton is hiding something, she has a secret that she is running from and Asher may be the only person that can help her forget. Will Asher pursue his feelings and go behind his boss's back and lose everything he has dreamed of and will Payton's secret come out before she decides if she

is staying in town or just passing through? Well I am not telling, you will have to get the book and find out what happens. I promise you will not be disappointed and you will not be able to put this book down. Congratulations Luke Prescott on another Amazing book

I fell hard and fast for Asher! It's lip biting good from start to finish. I love how the author writes, by immediately putting us in a scene. I honestly felt like I was checking Asher out and wanting him just like Peyton. From the very start I was hooked and no one was going to stop my reading time. The book moves quickly, and is well written. The scenes and banter flow. Again, I think the author is really good at filling up the pages with romance, steam, danger, and a bit of humor. More than that, I enjoyed reading about a sexy blue collar worker with charm. I felt Peyton was very relatable, beautiful, and I liked her POV. Her struggle to move on, and stand on her own, and of course wanting a sexy guy. She didn't want to make the wrong choices. The author didn't waste time and they didn't play games with one another. It was two people who cared and wanted more, and a father/boss who was watching every move! (Ps I digged the father! Ã Â Â-Âr) there is a bit of danger lurking and it all played out in a cool and clever twist. One click, it's like chocolate! one bite isn't enough until you finish the whole bar with a smile on your face! It's delicious!

From start to freakinâ Â<sup>TM</sup> finish, WRECKED held my attention. From the storyline, the twists  $n\tilde{A}$ ¢Â Â<sup>TM</sup> turnsâ Â|ASHER! Asher is all kinds of sweet and thoughtful and a complete beast when he needs to be. I AM IN LUST!!Payton is fantastic as well; she has her secrets and despite the past she is running from, I found her to be a strong and independent woman with a side of sass! Which I totally love by the way!!I don't want to spoil this for any one, so Iâ Â<sup>TM</sup>m going to leave it at thisâ Â|you NEED to read Wrecked! Luke did an amazing job! This is his second bookâ Â|yup! Thatâ Â<sup>TM</sup>s right, I said second! And you can totally see the growth as an author. This one was deeper, more emotional, sex scenes that will ignite you kindle and seriously  $\tilde{A}$ ¢Â Â|that twist!! What the hell!! Never saw that comingâ Â|at all!!

Wrecked by Luke PrescottâÂ-•à ¸Â•Ã¢Â-•à ¸Â•Î absolutely loved this book. Luke really did a great job! He kept me glued to the book. I didn't want to put it down. Definitely a 5 star read.Payton Hudson comes to work at her Dad's garage.Asher Kirby is a mechanic who hopes to have his own garage someday.Payton is beautiful and when she meets Asher there is definitely some instant attraction going on. But boss's daughter.... off limits.Asher can't fight the pull for her. But sex gets involved between them.Payton had her guard up. She has

secrets that could crumble everyone's world. Will things end happy or will everything be wrecked?
