Bonaire Travel Adventures

Synopsis

Here is a brand new edition of our guide to Bonaire. Touring the island, details on all of the beaches, diving & snorkeling, boating, fishing, hiking & biking – it's all covered. And then the hotels and restaurants are described – the good features and the bad ones, along with all of the information you need about shopping and nightlife on the island. We travel to grow – our Adventure Guides show you how. Experience the places you visit more directly, freshly, intensely than you would otherwise – sometimes best done on foot, in a canoe, or through cultural adventures like art courses, cooking classes, learning the language, meeting the people, joining in the festivals and celebrations. This can make your trip life-changing, unforgettable. All of the detailed information you need is here about the hotels, restaurants, shopping, sightseeing. But we also lead you to new discoveries, turning corners you haven't turned before, helping you to interact with the world in new ways. That's what makes our Travel Adventure Guides unique. The author is fascinated with Bonaire and her passion comes across in the text, which is lively, revealing and a pleasure to read. Detailed town and regional maps make planning day-trips or city tours easy. Adventures covered range from town sightseeing tours and nature watching to sea kayaking and mountain climbing excursions. Travelers looking for a more relaxed vacation may want to sign up for dance lessons and take part in the local Carnaval or join a local cycling club - these cultural adventures will introduce you to the people and afford you a truly unique travel experience.

Customer Reviews

Thought this was a new book, but some of the information is a year or two old and no longer relevant. Good information for the newcomer, but not much for the returning faithful to this beautiful divers island.

just love it, will travel there, and see how helpful this book is. Reads much better than any Lonely Planet guide book

A lot of information and well written.

The sites that are listed as unmarked sound fantastic!!! The marked spots can be overcrowded!! Overall a very good guide.

Very good reference book -- I would have preferred it in print as opposed to just Kindle, as we didn't take our Kindles with us.

I am on the plane back to the US and we used this book to plan most of our daily activities.

Good Info some is dated though but I would suggest you getting as a ebook. Good info got the price.

Some good general info on Bonaire. There are other books that go into more detail, but this seems to be a nice short overview.
