Honduran Law: A Memoir

Synopsis

This memoir is a modern expatriate's story, set in Honduras, Central America, where the tropical Caribbean meets the Spanish Mainland. Part travelogue, part reporting and part legal treatise on thirteen years in Honduras, the author recreates a journey from the island of Roatan to the Capital of Tegucigalpa, and beyond. A must-read for travelers, lawyers and armchair diplomats, the story reaches a climax during the coup that deposed Honduran President Manuel Zelaya.

Customer Reviews

An easy to read story of how this woman from Hays, Kansas came to write for Honduras This Week and Time about Honduras. She survives Hurricane Mitch and Honduran Law School and being sick and having a baby in Honduran hospitals. She tells of her experiences in both expat circles and Honduran circles. An interesting read and useful to people thinking of relocating to Central America.

Not a very remarkable story. Stubbornness of the writer and a rambling dialog of a interesting person but she never acknowledges her own inability to manage her own resources, capitalize on her skills and finances even when she had significant help from her mother and others. She blames

in the end the wealthy and system. I wasted \$6.95 on the book and my time.
