Customer Reviews

Crane is a Nomad of the Lost Valkyries MC. He is a hired gun and the beautiful bountiful Faya is his next job. Faya is an eye witness to a murder and she is running for her life. Crane life is about shake up when he meets Faya. Their chemistry is explosive. Crane is a short, sexy, raw, dirty story that is

to the point. Schmidt will trap you from the beginning and you won't want to let go at the end. So if you are looking for a good, dirty talking, sexy story Crane is for you, but remember there is nothing sweet about Crane. I voluntarily received an Advanced Reader Copy of this book for an honest review. Happy Reading!!

Another Amazing read by Esther E. Schmidt! Crane is short and to the point. Faya and Crane are easy characters to love. There is no sweet and sexy, only hard and rough ;)

Hot, fast-paced, steamy romance. You meet Crane a hitman and Faya the one he needs to kill. Its a hot instalove short story, that will rock your socks.

Esther does it again! This is a short story, but Crane is so HOT he will have YOU wanting to be his Pickles!! I can't wait for the next book as this new series will definitely keep you coming back for more.

This is a short, fast paced, sexy, and thrilling read! Crane is a monad, he likes his life on the road. Likes not wanting to be tied down. He's a hit man for hire. And when he gets a look at his new assignment he knows nothing will be the same again. Now he has a reason to stay a reason to feel, and he will do everything in his power to keep it that way. she is use to having no one to rely on, no one to turn to when life gets you down. She was raised in foster care, she knows she can only trust herself. So when she's ends up witnessing something she shouldn't she goes on the run. She's in hiding and when trouble comes she thinks they are their to save her. But she soon realises maybe she should have took her chances with the other guy. This was a great intro to a new MC series. Can't wait for more to come.

****ARC RECEIVED IN EXCHANGE FOR AN HONEST REVIEW ****I don't know where Esther Schmidt continues to dig up these characters from, but I hope it's an endless tap. Crane and Faya were a great couple. I honestly wasn't sure what to think of Crane at first. He's a nomad biker and an hired killer, so sweet and kind wasn't really his thing. His latest job tripped him up because he fell for her. He was rough with her at first- called her a few names but he soon realized she was his. At first I was afraid he was going to be a dick the whole time to her- I should have known better. Once he realizes she was made for him, he is all about her. Faya has had a rough life. She grew up in some rough foster homes. She worked odd jobs to make ends meet and then she witnesses her

roommate getting killed. Now she's on the run. Enter her hired killer. She didn't fight him.-no cheating-instant attraction-no ow/om drama - neither were virgins. None of the women he'd slept with show up.-no pushing away-some club violence - nothing of a sexual nature-steamy sex scenes-just ok epilogue 6 months out-really only two other characters in this story and we didn't have to see them being skanky manwhores. Ronin, who is up next, made reference to sleeping with other but we didn't see any of it at all. I appreciate that in a series.

Holy um ah Heck (yes, that works, good girl vibes here)... Crane, what can I say but oh baby I've been a bad bad girl. Oh yeah review time, right, mind out of the gutter. Esther has given us a brilliant beginning to a brand new MC series. It's short, it's hot and parts had me laughing so hard I had tears running down my face. I would of said laughed out loud so hard but thanks to a slight issue of having no voice at the moment, I didn't make my housemate mad by waking him up due to loud laughter. As soon as this baby hit my kindle, bam I was on it so fast I would of given both the Flash and Roadrunner a run for their money and I devoured each page just as quickly. Each book Esther writes is a guaranteed awesome read and the reader is captivated from the very beginning. No matter where you are in the book, your always engrossed no matter what and each book is always better than the last. I can't wait for more from the Lost Valkyries MC, because these guys I think are something extra special going off of Crane's story, in fact I think if this first book is anything to go by, I may need to invest in a walk in freezer cause cold showers are just not going to cut it.

This is the first one of the new MC series and I loved it :) Crane is a nomad biker and an hired hit-man, so at first it gave me a pause moment because he was rough at first with Faye in their first encounter but that changed drastically when he started taking care of her and realized pretty quickly that she was his and the perfect woman made for him :)Faye is a strong young woman, she's been through tough times growing up, going from foster home to foster home and being abused by them made her toughen up and develop a hard shell. So imagine when her life drastically changes when she becomes the only and primary witness to her room-mate's murder and a hit is placed for her death. Luckily, it was Crane that was assigned and this led them to each other's lives and Faye getting her man and protector, Crane :)These two have insane chemistry and the sexy times ;) are boiling hot c(: Loved how Crane was with Faye after realizing what she was becoming for him and how he didn't care who he had to go against for, to protect and keep his old lady, Faye
