## Synopsis

After years of silence, the game is back on...Widower Allan Brown is hosting a support group in his home for the bereaved. One of the guests in attendance will be Amy Lambert, this week marking the five-year anniversary of her family's horrifying ordeal at Crescent Lake. Of course it's hardly a cause for celebration. Still, some unwanted guests plan on attending the support group to help Amy celebrate all the same. In this terrifying fourth installment in the acclaimed Bad Games series, *Bad Games: Malevolent* will test the absolute limits of human endurance, and remind us all that evil never truly rests.

## Customer Reviews

This fourth book in the installment has so much action and thrills in it. It had me on the edge of my seat, dying to know what happens next?

Just finished book four of the bad games series. I think that I rated the other three books 5 star.

This was another great read! I couldn't put it down to the dismay of my loving husband. I can hardly wait for book 5! He is such a fantastic writer! I really hope they make this series into a movie! (Although I don't think it could capture the complete awesomeness of the books) such a great writer! Thank you Jeff Menapace!

Excellent read!!! Just like all of the other books Jeff Menapace has written. I can't wait for his next book, and the one after that etc....

You'd think part 4 of any series would be not as good as part 1 but, oh man, this is great! Deeply disturbing, excellently written, plausible, and at times even funny, this is a must-read for Bad Games fans and horror fans in general.

Once again Jeff did it again. I can never put his books down. When I am done reading one, I cannot wait for the next.

Bad Games Malevolent is the best book I've read in months (and I read a lot of famous/long-running authors). The wait for book 4 of the Bad Games series was very much worth it! Jeff seamlessly wove his new tale into the series without making the reader have to go back and reread or review the first 3 books. The characters all came alive within the first two chapters and were developed with

the skill of a seasoned writer. All fans of Jeff Menapace should run to to purchase this book.

Thanks for a winner Jeff - can't wait for book 5!!!!

Great addition to the Bad Games series. I didn't think Jeff could match the tension of the first trilogy but he managed in a big way. Returning characters Domino, Amy, and Kelly are back and have grown in ways that make sense to the overall story and GAMES mythology. Now I just hope the Fannelli brothers have some distant relatives - or unknown children - the story is begging for another trilogy!
