What people are saying about books in the McRyan Mystery Series: "Wow!! Just wow! This has to be the best McRyan book I've read | I really enjoyed the twist and turns this book had to offer. " "This book takes the reader on one wild ride, with the suspense not letting up until the very end. Mac is one part Lucas Davenport and one part Mitch Rapp - and it just does not get any better than that! " "Sex, power, money, and murder keep you wanting to keep reading until you finish it and then wishing there were still more to read! Great story with all the elements of a fantastic read. " "Two thumbs up, way up for this one! " "Five stars and then some. " "Couldn't put it down! Everything else I had to do just sat until I finished this book. Compelling, thrilling, good tale, all ends wrapped up, with a thoughtful ending. " "Roger Stelljes is exceptional. His plots twist, turn and keep you glued to the book. Minnesota has produced two mystery writers of extreme talent,

Vince Flynn and Roger Stelljes. Keep 'em coming Roger! • Another Mac McRyan excellent read!!! I wish Mr. Stelljes could write faster because I love his books and can't wait till the next one. He never disappoints. • A thriller that drew me right in. A well written story - and you just have to like Mac!! I'll read more of Mr. Stelljes'™ books. Loved this one!!! •

## Customer Reviews

Stelljes has it going on. Great plots with plenty of twists, plenty of action, and very well developed, believable characters. His whole series is absolutely worth your money, so Roger? Please write more!! I'm giving four stars because, As a retired cop, the malaprop language regarding firearms drives me nuts. I can tell Stelljes has had good advice in writing these, so why doesn't somebody tell him that almost no modern firearms, and certainly not anything made by Sig Sauer or Glock, uses a clip - Its a bloody magazine, and not calling that screams that the author doesn't know what they're talking about. Same goes for "bullets" - a bullet is the projectile, it's part of a round, which includes brass, primer, and powder. You don't load bullets in a clip - See above... Finally, as a lifelong hockey player and blue collar guy from a small town up north, I wish he'd left the getting rich

and jumping into the big time out of the series, but that's just me.

The characters are getting stale. Mac is always too good to be true and so arrogant that I don't think he could function in a police organization. This plot was ok but the ending was very obvious and not well written. Kind of a ho hum ending. Ok for a long plane trip but not much more

Roger brings back Mac and Dara in another thought provoking mister that has its actions, mayhem and diversions. When you think you have the answers, you are surprised by the turn of events. This book leaves you wanting to read the sequel that is sure to follow. Roger, thanks for another great mystery adventure.

I love the exploits of Mac and Wire. This was an interesting story and I did not see the end coming as it did. Can't wait for the next chapter for this group.

Stelljes is a true master of surprises. Mac is a terrific character which I look with great anticipation for his next thrilling adventure. This is absolutely a must read book.

I have to say this is the second book of Roger stelljes I've read and will continue to read all of his books they are so good. You could never guess where he is going from beginning to end.

Rarely do i find a book That holds my interest so completely and still makes me draw the wrong conclusion. I was directed to the wrong person up until the clue. I find myself looking forward to the next book just to see what the killer does this time. A must read!!!

I was disappointed the story dragged along too long.
