The Wolf Of The North: Wolf Of The North Book 1

Synopsis

The First Part of the Wolf of the North trilogy by Bestselling Author Duncan M. Hamilton. It has been generations since the Northlands have seen a hero worthy of the title. Many have made the claim, but few have lived to defend it. Timid, weak, and bullied, Wulfric is as unlikely a candidate as there could be. A chance encounter with an ancient and mysterious object awakens a latent gift, and Wulfric's life changes course. Against a backdrop of war, tragedy, and an enemy whose hatred for him knows no bounds, Wulfric will be forged from a young boy, into the Wolf of the North. This is his tale.

Customer Reviews

Well written and thought out. I'm not a big reader usually, but fantasy, swords, and just a sprinkling of magic are what draws my attention when I do. This one felt as if it was the introduction to a greater world, as though Mr. Hamilton was preparing us for a larger story to come. Wulfric's journey has me following. I think the "Maisterspæker" herein has one more fan. Biggest complaint, costing this 1 star, is only how it ends. Yes leave us wanting more, but certain loose ends can't be

left dangling without us readers feeling cheated. A story about a great warrior needs its climatic bloody battle, this one ended with a great many more questions than answers. Setting up for more adventures is good, but closed the book with a whimper instead of the Viking battle cry one expects from this sort of story. I'll be here for another installment, but I hope for more.

I read this in a few hours after my purchase and wish I had book 2 available for purchase today.

Enjoyed the read, it kept me entertained so long I lost track of time and finished the whole thing at once.

Very talented storyteller. I felt as if I was right there amongst the folks in the book. Can't really say anything negative about this work. Is the next book ready yet?

Great characters, plot line has so much potential to go deeper, so I'm excited for the next book. Love it.

I enjoyed it, I like the viewpoint and the level of depth. An author can go into great detail and risk boring or go into little depth and end up with a children's story, this was nicely done. Some things are played out as you would expect but still interesting.

Good read not overly complex and pretty predictable but I like the characters a lot so far. Looking forward to book 2

Kept me coming back each time I got a chance. Good character development without a ton of fluff. Looking forward to the next book in the series.
