Tomoco Kanemaki is the author behind the novel adaptations of the massively popular Kingdom Hearts game franchise. Shiro Amano is an artist and illustrator best known for his manga adaptation of the KINGDOM HEARTS series. Tetsuya Nomura is best known as the character designer for the critically acclaimed Final Fantasy video game series, as well as the head developer for the massively popular, Disney-crossover, Kingdom Hearts video game franchise.

Thank you very much, my order arrived before its due date and I am really happy

This is the English translation of the Kingdom Hearts 2 novel. it spans thw first two books of the Japanese version. The second cover is included inside as a color page. The rest of the illustrations

are in black and white, and very few of them. The text itself is great (although I am an avid Kingdom Hearts fan) and gives some insight to scenes from the game! Some of the stuff you do while playing is summarized... oddly? But not bad. The vocabulary isn't exactly challenging so good for young teen readers (and kid readers really). It isn't all encompassing so if you haven't played the games (or know them decently well) the pacing may seem odd and you may feel like you're missing something. As a translation, it's fairly accurate. Haven't found any major discrepancies thus far. Picture from my Instagram features the Japanese novels and the English novel. #coltlibrary

The package arrived sooner than expected, and in perfect conditions. Now, that said, the Kingdom Hearts II is in my opinion a must have for every KH fan! Just as the manga, the novel depicts some events that are not seen in game, but that are actually canon. It is nicely written, and for the maximum relaxing effect, I suggest reading it with the official OST, on a lazy summer afternoon ;) I will surely buy the second volume when it comes out, and the BBS and Days novels too!
