Wonderful group of stories with a central theme. I loved how they tied it into past books! I'm a big reader of all three of these authors so was very happy reading some also tales of old favorite characters! All were complete story I especially by themselves.. Good read!

but each of these sensual stories has its own individual charm. I felt the first was especially rich in Scottish folklore, the second enhanced by the wee twin brothers and the last left a dangling mystery: why was Lily hiding?

I enjoyed the first story about Sorcha because I had followed the series. The second and third novellas were a bit shallow. All had HEA endings and strong heroines.

I enjoyed these stories very much. The same woman appears in all of the stories. She tells someone in each story that something will happen to them.

These stories about the power of a star and the power of love are very good stories. They not only bring two people together but also families.

You must read this exhilarating tale to find out the conclusion and finale of The Guardians of the Stone series! The plotting is paced perfectly thought you wait with bated breath and anticipation not knowing what could possibly occur next! The settings are magnificent and the dialogues are totally brilliant. I devoured Wow I always tear up when a series I have really enjoyed comes to an end. Yes I know-New York Times and USA Today bestselling author Tanya Anne Crosby, has many more stories to be told. As I have been reading her Captivating and mesmerizing novels for 25 years! I just have loved every book of the painted ones, the d'Áfâ'n Scoti clan so much. I enjoyed the weaving of true Scottish history, Scottish lore and a fictional romantic adventure that warms your readers heart Another mind blowing fast paced riveting romantic adventure! It is has all the elements historical romance readers love. Such as heartbreak, guilt, abduction, hysterical-blindness, Halley's comet, treachery paranormal, true history, folklore, mourning, mystery, suspense, betrayal, guilt, acceptance and love. You can read as a stand alone book, but I highly recommend you read every book in this series. I plan on re-reading to revisit the painted ones again! Maiden from the Mist - Tanya Anne Crosby A freakish accident has left Caden MacSwein blind it is said that in the heat of battle he took his younger brothers head and is now being punished by the Gods. There's a prophecy and a destiny to be fulfilled before Caden MacSwein regains his sight. Scorcha knew that following the star would bring her closer to her destiny and after learning of the secret her family had kept from her she was angry with them, following the star seems like the right thing for her....maybe she's needed and wanted somewhere and the star is pulling her to her destiny. A short read but full of action, battle scenes are intense and in gripping detail. Characters are well written and interesting, the story keeps you entertained till the end . A wonderful sequel to the novella Guardians of the Stone .

The Reiver - Glynnis Campbell Cristy Moffat is an orphan she's been in the care of her uncle ever since her parents died. No matter what she does she'll feel her uncles wrath. Wanting to prove herself to her cousins and make her uncle proud she's willing to steal the new neighbors cow. Nothing can go wrong until she's caught star gazing instead of cow thieving and is hostage to none other than the new Laird-Brochan Macintosh! Brochan Macintosh is a widower with two twin boys with the maintenance of his keep it took all his time to do all the repairs and to go after his missing cows was another problem to solve. His missing cows are not the only problem he has. A feisty cow thief instead of his cows. He will exchange her for his cattle but does he really want to let go of her when she makes him feel more alive than ever before? Wonderfully entertaining story short and sweet I loved Brochan he was a fair man who respected a person for themselves, even though Cristy had awful experiences living with her uncle she felt loved and wanted by Brochan and his sons. Loved the way it all came together.

MacAlpin's Heart - Lauren Wittig Elspet MacAlpin is the last of the Guardians she needs to find a husband to protect her clan, but she doesn't want to marry without love no man has captured her heart until she meets a handsome traveler in search of his brother. Their attraction is instant but can he be the one or will he leave when he finds his brother? Kenneth MacGregor has finally caught up to his brother but it's not his brother that occupies his mind, the beautiful Elspet has him thinking of a life with her and family. He can't think of himself he has a promise to fulfill, a promise he made to his mother. His brother has a family of his own a child and a wife and is happy. Can he finally have a chance at a family and love? Love and a destiny fulfilled by the Summer Star. A well written story full of love, a young boys promise to his mother finds not only love but also finds the man he's become.
