# Nauti And Wild (The Wild Riders Series Book 4)

## Synopsis

Two bestselling authors join forces in this pair of new stories of hot men, fast motorcycles, and the women who ride both. They ride into town straddling 73 cubic inches of throbbing horsepower, and hook up with the kind of women made for high speed handling... #1 New York Times bestselling author Lora Leigh revisits her sultry Southern landscape with a story of a good girl gone bad. But she's not the only one going down that road... Jaci Burton, the national bestselling author of *Riding Wild* and *Riding Temptation*, lets loose in a story of a hot biker hired to keep an eye on the reckless daughter of a Nevada senator. She's hooked up with a rival biker gang--a dangerous move that makes the wild beauty more vulnerable than she imagined...

## Customer Reviews

Great fast read. I am a huge Jaci Burton fan. I never hear of Lora Leigh. Now I check her out and gosh she has written a ton of other books. So I bought them. Leigh's story continues her Nauti series, which doesn't have to be read in order. They are a series, but stand alone. This is about John Calvin Walker Jr. is a member of an affluent Boston family. Aside from that he is a successful lawyer

in his father's law firm. John gets engaged to Marlana. Turns out they were not meant to be - spoiler - she is the daughter of a rumored mob family. They sizzled out about 6 months after the engagement. We find out John's best friend Gerard is the reason. The girl who comes into the plot is Sierra, and she is hot, but God daughter to John Sr. Marlana's betrayal is revealed by Sierra Lucas. The \*\*\*\* hits the fan and John gets drunk. Sierra shows up feeling guilty. Why would John be mad at her? She is confused, but she had to tell him. BIG things happen between them and Sierra leaves. Fast forward a year ... John has moved to Kentucky, and made his home. Then he gets a call from his father about Sierra. She is in the hospital recovering after an attempted rape. Asking for John. John Walker Sr. is convinced rape and attack was premeditated. So John Sr tells Jr where to get Sierra. John was disgusted and wanted his father to get to the assailant and get that evil person taken care of. So much drama and suspense. These two are amazing together and the story is fluffy in spots and dramatic in others. So yeah it was great

Ok. First let me say that I was a little uncomfortable with the first Nauti Boy book I read. I just kept looking at the cover to make sure who the Author was. Once I told myself to just relax and give the book a try, got past my own "uptight attitude" (which believe me, I never ever would be described as that by anyone who knows me). So once I let myself just roll with the story line and tried to see how things could be that way, I understood it a lot better and even got fairly comfortable with the story. At that point, I was totally hooked on the Nauti Boys. Make sure tho' that you also get the book that is about Sheriff Zeke Mayes and the chick who owns the "biker bar" (lol right...) and she goes by her middle name of Rogue Walker. Oh boy, what a treat. You will laugh and squirm at how hot and heavy things can get. Whew - I went looking for the hubby when I finished one of these books!

Love anything Lora Leigh writes

Another nauti book! I enjoyed the first story the most, the Lori Leigh characteristics are there. No threesomes in this one, an ex fiance wanting blood and after the one who exposed her cheating ass. Second story had a foursome but not of the main couple. It was a ok story about a biker gang smuggling drugs. The main girl went in after her friend and our main guy got sent in because hes to protect the main girl. simple story line.

there are ...I think....four other books in this series,,all are worth the read and this one is no exception....Lora and Jaci are good together and this series is a hot one

The two novella anthology *Nauti and Wild* by Lora Leigh and Jaci Burton is one of the best anthologies I have read in a long time. Both stories are good and solid additions to their respective series. *Nauti Kisses* by Lora Leigh goes into the story of Rogue's brother John and Sierra, the woman who has loved him in secret for years and for whom he had an unspoken attraction to. The pair sizzle on the page, their chemistry more than palpable. The novella focuses on their love story but also has appearances by the rest of the cast of the *Nauti Boys* series which was a definite plus. *Riding the Edge* by Jaci Burton gives us the story of Wild Rider Rick and senator's daughter Ava who he is charged to keep an eye on. Rick, as the rest of the alpha males in the *Wild Riders* series, has had a rough past and does not believe he deserves or is able to have a loving relationship. Both characters have no idea how to properly deal with the feelings growing between them. All this happens with the usual biker suspense story backdrop and steamy scenes Ms. Burton is known for. Both of these stories are steamy, character driven novellas with suspenseful plots. They are erotic but not overly done to the point where the connection between the characters is neglected. While the plots are interesting, they are somewhat predictable most likely a result of the novel length. The characters are what really drive both novellas. They jump off the page and seem entirely real to the readers. It's easy to get caught up on the emotional rollercoasters the characters are going through. Both of these novellas could have easily been developed into outstanding full length books. The shorter length of the stories affected the depth of the plot and characters, which was a little dissapointing. Still both stories were good and very entertaining. I highly recommend this anthology to readers who enjoy steamy romantic suspense.

Wow...I LOVE THE NAUTI BOYS series!!! SEXY as SIN!!!

I saw that Lora Leigh had a story in this. Had to finish and see which *Nauti* this one was about, now I have to go back and see where I remember the hero/heroine from, but I will buy anything written by Lora Leigh, I love her *Nauti* series, and am a huge fan of her *Breed* series
