TERRIBLE. I ordered the book as listed on this page. I removed the sticker on the back, covering the ISBN number, which ended up hiding a label that said "Evaluation Copy- Not For Sale." THIS IS NOT WHAT I ORDERED. I am not happy. They're ripping you off so you can't resell it ever, even if you wanted to. RIP-OFF

I bought this item to use on my kindle. When I went to download on to my kindle and start reading it, it told me that the book was not compatible with my Kindle. How can it be non-compatible with my kindle if it was bought exclusively for my Kindle? I am unable to use it now and I am stuck with it.

Bought this for my sons dual credit class

for school

Good text. It is well written and compiled. Just wish the launch pad online accessory was included. (There is a free trial period, but then there are charges.)

Wordy but detailed.

formatting for kindle edition is a little annoying. it switches pages if you scroll too far.

Great quality! Wish my professor would apply it more to my class, but hey.. I own it. I'm sure I'll open it one of these days.
